

Custom Static Blocks

Installation manual

To install the extension follow the instructions below:

- 1) Backup your web directory and store database
- 2) Download Custom Static Blocks installation package
- 3) Upload contents of the Custom Static Blocks installation package to your store root directory
- 4) In SSH console of your server navigate to your store root folder:

```
cd path_to_the_store_root_folder
```

run:

```
php -f bin/magento module:enable Aheadworks_Csblock
```

then:

```
php -f bin/magento setup:upgrade
```

after:

```
php -f bin/magento setup:static-content:deploy
```

- 5) Flush store cache; log out from the backend and log in again

Custom Static Blocks extension is now installed and ready for work.
