

Digital Media

Installation manual

To install the extension follow the instructions below:

1) Backup your web directory and store database

- Get the Digital Media name and version in your Marketplace account: Login to Magento Marketplace with the username and password you used to purchase the Digital Media extension;
- Enter the My Purchases section: **Your name (top-right corner of the page) > My Profile > My Purchases;**
- Find Digital Media and click **Technical details.**

2) Copy the provided component name and version in order to update your composer.json file.

Note: *We advise you to use the latest version of our extension.*

3) Update your composer.json file:

- Open the root Magento directory on your server and send Composer the following command:

```
Composer require <Digital Media>:<version>
```

4) At the Composer request, enter your Magento marketplace credentials (public key - username, private key - password).

5) Make sure that Composer finished the installation without errors.

6) Flush store cache, log out and log in the backend again.

The Digital Media extension is now installed and ready for work.

Use Magento [Dev Docs](#) for more details.
