

Minifier

Installation manual

To install the extension follow the instructions below:

1) Backup your web directory and store database

- Get the Minifier name and version in your Marketplace account: Login to Magento Marketplace with the username and password you used to purchase the Minifier extension;
- Enter the My Purchases section: **Your name (top-right corner of the page) > My Profile > My Purchases;**
- Find Minifier and click **Technical details.**

2) Copy the provided component name and version in order to update your composer.json file.

Note: *We advise you to use the latest version of our extension.*

3) Update your composer.json file:

- Open the root Magento directory on your server and send Composer the following command:

```
Composer require <Minifier>:<version>
```

4) At the Composer request, enter your Magento marketplace credentials (public key - username, private key - password).

5) Make sure that Composer finished the installation without errors.

6) Flush store cache, log out and log in to the backend again.

Use Magento [Dev Docs](#) for more details.

NOTE:

To employ Minifier for Magento 2 on your store, an [Aheadworks account](#) is REQUIRED. You will find the authorization keys in your Customer Profile. To enter the keys go to Stores → Configuration → Aheadworks Extensions → Minifier.
