

Review Reminder

Installation manual

To install the extension follow the instructions below:

- 1) Backup your web directory and store database
- 2) Download Review Reminder installation package
- 3) Upload contents of the Review Reminder installation package to your store root directory
- 4) In SSH console of your server navigate to your store root folder:

```
cd path_to_the_store_root_folder
```

run:

```
php -f bin/magento module:enable Aheadworks_ReviewReminder
```

and then:

```
php -f bin/magento setup:upgrade
```

after:

```
php -f bin/magento setup:static-content:deploy
```

- 5) Flush store cache; log out from the backend and log in again

Set up cron

If you have already configured cron jobs for your Magento installation then you can skip this step. Read the following instructions on setting cron job for your Magento store: [Magento user guide](#).

Generally it would be enough to run in SSH console of your server:

```
crontab -e
```

And insert the following line:

```
*/3 * * * * php -c <ini-file-path> <your Magento install dir>/bin/magento cron:run  
*/3 * * * * php -c <ini-file-path> <your Magento install dir>/update/cron.php  
*/3 * * * * php -c <ini-file-path> <your Magento install dir>/bin/magento setup:cron:run
```

Don't forget to confirm saving request when exit.

Review Reminder extension is now installed and ready for work.
