

Ambab SkipShipping

This extension enables the system to skip the shipping method from the cart and checkout step when there is only one shipping method enabled from the admin backend.

Features

- Hide shipping method from cart & checkout page if there is single shipping method.
- Hide Shipping charges from cart & checkout page's order summary
- Easy installation
- 100% Open Source Code

Installation

Install the extension through composer package manager.

- Go to project root directory
- Create directory `app/code/Ambab/SkipShipping`
- Unzip downloaded file in `app/code/Ambab/SkipShipping`
- `bin/magento module:enable Ambab_SkipShipping`
- `bin/magento setup:upgrade`
- `bin/magento cache:flush`

Configuration

- Go to Admin -> Stores -> Configuration -> Ambab -> SkipShipping
- Go to project root directory
- `bin/magento setup:static-content:deploy`
- `bin/magento cache:flush`
