

Quick start resource

Assembly Payment for Magento

Resources

Introduction

Thank you for purchasing Assembly's Assembly Payment Gateway for Magento! This quick start resource will provide you with links to our documentation and support portals for Assembly extensions.

Demo

Our front-end demo will show you how our extension works on a store, in different customer scenarios: [Frontend](#)

The backend demo will show you the standard settings of our extension to get it ready for running on your Magento 2 store: [Backend](#)

Documentation

For detailed instructions on how to install and use our extension, visit our documentation portal: [Documentation](#)

Support

Visit our customer support portal to ask any question and get support from our dedicated support team: support@assembly.com

Install with Magento 2 Component Manager

If you purchased our extension on Magento Marketplace, install the extension with the Component Manager. The installation process for this extension is similar to any other extensions on the Magento Marketplace.

Install using command line

If you purchased our extension elsewhere, you might install the extension using the command line.

THANK YOU FOR TRUSTING ASSEMBLY PAYMENTS!
