A) Installing the extension using SSH Console - [top](#)

To Install Extention Follow the Instruction below:

- 1.) Backup your store Directory and store Database
- 2.) Download Newsletter installation package
- 3.) Upload content of the newsletter installation package to your store root directory
- 4.) In SSH Console of your server navigate to your store root folder

cd path_to_the_store_root_folder

+ Write down the cache clean command

php bin/magento cache:clean

on SSH Console and Clean the cache in the site :-

A screenshot of a PuTTY terminal window. The title bar at the top reads "111.118.215.222 - PuTTY". The terminal content shows a prompt "styyosnd@cp-in-9 [~/public_html/test/magento3]#" followed by the command "php bin/magento cache:clean" and a green cursor. The rest of the terminal area is black and empty.

```
111.118.215.222 - PuTTY
styyosnd@cp-in-9 [~/public_html/test/magento3]# php bin/magento cache:clean
```

+ Write the Upgrade command

php bin/magento setup:upgrade

on SSH Console to Install your Extention :-

```
111.118.215.222 - PuTTY
styyosnd@cp-in-9 [~/public_html/test/magento3]# php bin/magento cache:clean
Cleaned cache types:
config
layout
block_html
collections
reflection
db_ddl
eav
customer_notification
full_page
config_integration
config_integration_api
translate
config_webservice
styyosnd@cp-in-9 [~/public_html/test/magento3]# php bin/magento setup:upgrade
```

Write the Deploy command

php bin/magento setup:static-content:deploy

on SSH Console to install your Extension.

```
111.118.215.222 - PuTTY
