Product Sorting
for Magento 2
User Guide

Support: admin@azaleasoft.com
1. Installation (via Component Manager)

1) Log in to the Magento Admin as an administrator and go to System->Web Setup Wizard page.

2) Enter Marketplace authentication keys. For more information, please visit http://devdocs.magento.com/guides/v2.0/installgde/prereq/connectauth.html.

3) Go to Component Manager page, and click “Sync” button to update your purchased extension.

4) Click “install” in the Action column to install the extension you want.

5) Follow Web Setup Wizard instructions.

2. How To Use

– Admin Panel

1) Make sure the extension is installed successfully, and then go to Stores->Configuration, you will find Product Sorting extension under AZALEASOFT EXTENSIONS.
2) Set up enable/disable option for each sorting method and then click “Save Config” button.

<table>
<thead>
<tr>
<th>Sorting by Name</th>
<th>Default method in Magento</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sorting by Price</td>
<td>Default method in magento</td>
</tr>
<tr>
<td>Sorting by Best Seller</td>
<td>New method</td>
</tr>
<tr>
<td>Sorting by Most Viewed</td>
<td>New method</td>
</tr>
<tr>
<td>Sorting by Review Count</td>
<td>New method</td>
</tr>
<tr>
<td>Sorting by Highest Rating</td>
<td>New method</td>
</tr>
<tr>
<td>Sorting by Newest</td>
<td>New method</td>
</tr>
</tbody>
</table>

3) (Optional) Go to Stores->Configuration->Catalog->Storefront, change “Product Listing Sort By” option as default sorting method on your frontstore.

4) (Optional) Go to Products->Categories->[Click category name]->Display Settings, set “Available Product Listing Sort By” and “Default Product Listing Sort By” for the specific category.
5) Go to System->Cache Management and then click “Flush Magento Cache” button.
6) Make sure you already set up cron on Magento. For more information, please visit http://devdocs.magento.com/guides/v2.0/config-guide/cli/config-cli-subcommands-cron.html.

– Frontend
AZALEASOFT (www.azaleasoft.com)

1) Click any category link and go to product list page, you will find more sorting options that you set “enable” on your Admin Panel.
Thank You!
