

#Installation

This module tested with Magento ver. 2.3.2 only.

Magento2 Blueshift Connect module installation is very easy, please follow the steps for installation-

1. Unzip the respective extension zip and then move "app/code" folder into magento root directory.

Run Following Command via terminal

```
-----  
php bin/magento setup:upgrade
```

```
php bin/magento setup:di:compile
```

```
php bin/magento setup:static-content:Deploy -f
```

```
sudo chmod -R 777 var/ generated/
```

```
sudo chmod -R 777 pub
```

```
php bin/magento cache:clean
```

```
php bin/magento cache:flush
```
