

User Guide – Click to call

A simple task like adding a contact number in your website could turn out to be a hassle. Use this simple extension to display your contact information on your website.

1. Extension Settings

Please go to admin panel -> click to call -> Configuration

The image shows a configuration form for 'Click to call' with the following fields and annotations:

| | | | |
|--------------|---------------|--------------|-------------------------------|
| Enable | Yes | [STORE VIEW] | Add the label to be displayed |
| Label Name | Call Us | [STORE VIEW] | Add number to display |
| Call Us | +94 456456456 | [STORE VIEW] | Width of the device |
| Device Width | 900 | [STORE VIEW] | |

Additional text below the Device Width field: Maximum device width to initiate a call

Call Us : +94 456456456
