1. Ajax Add To Cart for Magento 2 Extension Overview

Ajax Add to Cart for Magento 2 extension allows customers to add products to shopping cart without loading new pages. For product with many options such as configurable, grouped or bundle products, customers can conveniently select product options in popup. Besides, this extension supports admin to change setting and design of popup in the backend.

**Note: The extension supports ajax cart function on all pages that contain the Add to Cart button, except for Wishlist, Related, Up-Sell and Cross-Sell Block.*

2. How Does Ajax Add To Cart for Magento 2 Extension Work?

Please go to **Stores** → **Configuration** → **BSSCOMMERCE** → **Ajax Cart**.

***Note:**

Success Popup (confirmation popup): popup to notify customers of adding products to cart successfully.

Quick View Popup (add-to-cart popup): popup for customers to select product options when adding bundle, grouped and configurable products to cart.

2.1. General Options

Enabled <small>[store view]</small>	Yes	Choose 'yes' to enable module.
Enabled Function in Product Page <small>[store view]</small>	Yes	Choose 'yes' to enable module in product view.
'Add to Cart' Button Selector <small>[store view]</small>	.action.tocart	Magento default: '.action.tocart'. Change selector of 'Add to Cart' button according to theme/site.

In **Enabled**, choose Yes to enable or No to disable the module.

In **Enabled Fuction in Product Page**, choose Yes to enable ajax add-to-cart function in product pages.

In **'Add To Cart' Button Selector**, the default class to select Add To Cart button is “.action.tocart” but you can change this information to make it compatible to your theme/site.

2.2. Success Popup Settings

Show Product Image <small>[store view]</small>	Yes	▼
Image Size (px) <small>[store view]</small>	200	
Show Product Price <small>[store view]</small>	Yes	▼
Show 'Continue' Button <small>[store view]</small>	Yes	▼
Countdown time for Button <small>[store view]</small>	Continue button	▼
Countdown time: ...(s) <small>[store view]</small>	10	
Show Cart Quantity and Cart Subtotal <small>[store view]</small>	Yes	▼
Show 'Go to Checkout' link <small>[store view]</small>	Yes	▼
Show Suggested Products <small>[store view]</small>	Yes	▼
Title of Suggested Products Block <small>[store view]</small>	You may be interested in these products:	
Choose Suggested Products <small>[store view]</small>	Related Products	▼
Number of Suggested Products <small>[store view]</small>	15	

In **Show Product Image**, choose Yes to include product image in Success Popup. Otherwise choose No to exclude it.

In **Image Size**, set the size of product image displayed in Success popup (measured in pixel).

In **Show Product Price**, choose Yes to include product price in Success Popup. Otherwise choose No to exclude it.

In **Show “Continue” Button**, choose Yes to enable Continue button in the Success Popup or No to disable this button.

In **Countdown Time for Button**, enable countdown function for View Cart button or Continue button; then set time (measured in seconds) in **Countdown Time** section.
