## 1. Free Shipping Bar for Magento 2 Extension Overview

Everyone loves free shipping. And [Magento 2 Free Shipping Bar](#) will help you present your free shipping policy to buyers in a compelling and irresistible way. The notifier about free shipping will be displayed in form of a message bar. It informs customers about the minimum cart total to get free shipping and the remaining amount until they reach that limit. For example: “15\$ left until 89\$ for free shipping”. Regularly, store owners often set a pop up to remind buyers of this program. But we all know how quickly it is closed before anything can be read. With Magento 2 Free Shipping Bar, we make sure your message is conveyed to buyers at any places you wish on your store.

## 2. How does Free Shipping Bar for Magento 2 Extension work?

Please go to **Stores** → **Configuration** → **BSSCOMMERCE** → **Free Shipping Bar** and start configuration.

### 2.1 In General Configuration

Free Shipping Threshold [store view]

| Customer Group | Threshold | Message   | Action |
|----------------|-----------|---|--------|
| NOT            | 120       | Only {leftValue} left until {thresholdValue} for free shipping!           | 🗑️     |
| Genr           | 150       | Order more than {thresholdValue} will be shipped for free.                | 🗑️     |
| Who            | 200       | You need {leftValue} left for free shipping.                              | 🗑️     |
| Reta           | 180       | You have only {cartSubtotal} and need {leftValue} left for free shipping. | 🗑️     |
| Add            |           |   |        |

{leftValue}={thresholdValue}-{cartSubtotal}. Eg: You only need {leftValue} for free shipping.

In **Enabled**: Choose **Yes** to enable the module or choose **No** to disable it. The module can be enable/disable on Store view level.

In **Free Shipping Threshold**: For each **Customer Group**, choose the minimum amount for free shipping at the **Threshold** box. In the **Message** box, set the message displaying in the message bar. You can use these 3 variables: {leftValue}, {thresholdValue} and {cartSubtotal}. Please remind that {leftValue}={thresholdValue}-{cartSubtotal}.

The scope of the settings is Store View. Hence you can customize the message at different languages and the Threshold value at different currencies for each store view.

Below is an example of the free shipping bar showing to not-logged-in customer group.

The screenshot displays the LUMA store interface. At the top, there is a search bar and a shopping cart icon with a '1' item. Below the navigation menu (What's New, Women, Men, Gear, Training, Sale), a breadcrumb trail reads 'Home > Gear > Watches > Dash Digital Watch'. A green free shipping bar is positioned below the breadcrumb, containing the text 'Only \$45.00 left until \$120.00 for free shipping!'. A red callout box points to this bar with the text 'Free shipping bar shows the amount left until free shipping'. The product 'Dash Digital Watch' is shown with a price of \$92.00, 3 reviews, and an 'Add to Cart' button. Below the product image, there are options to 'ADD TO WISH LIST', 'ADD TO COMPARE', and 'EMAIL'.

In **Success Message**: Customize the message showing when buyer reaches the free shipping minimum amount.

In **Layout Position**: Choose the position you want to display the free shipping bar. You can choose among: **Top Content** or **Top Page**.

In **Sticker**: Choose **Yes** to keep the free shipping bar showing during the scrolling down of the page, otherwise choose **No**.

In **Allow to Close**: Choose **Yes** to allow buyers to close the free shipping message bar, otherwise choose **No**.

In **Auto-hide after**: Choose the period of time (unit: second) after which the message bar will be hidden. If you set the value to 0, the bar will always be shown.

|  |  |
|--|--|
| Success Message<br><small>[store view]</small> | <input type="text" value="Congratulation! Your order will be shipped for free"/> |
| Layout Position<br><small>[store view]</small> | <input type="text" value="Top Content"/> ▼                                       |
| Sticker<br><small>[store view]</small>         | <input type="text" value="Yes"/> ▼   |
| Allow to Close<br><small>[store view]</small>  | <input type="text" value="Yes"/> ▼   |
| Auto-hide after<br><small>[store view]</small> | <input type="text" value="25"/><br>Unit: Second                                  |

## 2.2 In Display on Pages

In **Homepage**: Choose **Yes** to display free shipping message bar on Homepage, otherwise choose **No**.

In **Category Page**: Choose **Yes** to display free shipping message bar on category pages, otherwise choose **No**.

In **Product Page**: Choose **Yes** to display free shipping message bar on product pages, otherwise choose **No**.

In **Cart Page**: Choose **Yes** to display free shipping message bar on shopping cart page, otherwise choose **No**.

In **Checkout Page**: Choose **Yes** to display free shipping message bar on checkout page, otherwise choose **No**.

#### Display on pages ⌵

|   |     |   |
|---|-----|---|
| Home Page<br><small>[store view]</small>          | Yes | ▼ |
| Category Page<br><small>[store view]</small>      | Yes | ▼ |
| Search Result Page<br><small>[store view]</small> | Yes | ▼ |
| Product Page<br><small>[store view]</small>       | Yes | ▼ |
| Cart Page<br><small>[store view]</small>          | Yes | ▼ |
| Checkout Page<br><small>[store view]</small>      | Yes | ▼ |

### 2.3 In Design

In **Font Type**: Choose the font type for the text on free shipping message bar.

In **Font Size**: Choose the font size for the text on free shipping message bar.

In **Text Color**: Choose the color for the text on free shipping message bar.

In **Value Color**: Choose the color for the text of {leftValue}, {thresholdValue} and {cartSubtotal} on free shipping message bar.

In **Background Color**: Choose the color for the background of free shipping message bar.

In **Text Align**: Choose the align for the text on free shipping message bar.

In **Custom CSS**: Admin can customize CSS for the text on free shipping message bar. But admin cannot set width on the Custom CSS option as it may affect the responsive of the message bar.

Design

Customize the design of free shipping bar and success message
