Installation:

Requirements:

- A COINQVEST merchant account -> Sign up [here](#).
- API Key and API Secret -> Find them [here](#).

Extension Installation:

- Create a folder structure in Magento root as **app/code/Coinqvest/PaymentGateway**.
- Download and extract the zip folder from the Magento Marketplace and upload the extension files to **app/code/Coinqvest/PaymentGateway** via FTP.
- Login to your SSH and run below commands step by step:
 - *php bin/magento setup:upgrade*
 - For Magento version 2.0.x to 2.1.x - *php bin/magento setup:static-content:deploy*
 - For Magento version 2.2.x & above - *php bin/magento setup:static-content:deploy -f*
 - *php bin/magento cache:flush*

Configuration:

Login to Magento 2 and navigate to **Stores -> Configuration -> Sales -> Payment Methods -> COINQVEST**. Click on the **Configure** button to view the settings options.

The screenshot shows the Magento 2 Configuration interface. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores (highlighted with a red box), System, and Find Partners & Extensions. The main content area is titled 'Configuration' and has a 'Save Config' button in the top right. Under 'OTHER PAYMENT METHODS: ▲', the 'COINQVEST' method is expanded. The settings for COINQVEST are as follows:

- Enabled** (store view): Yes
- Title** (store view): Bitcoin and other digital currencies via COINQVEST
- API Key** (store view): a1b2c3d4e5f6
Get your API Key [here](#).
- API Secret** (store view):
Get your API Secret [here](#).
- Settlement Currency** (store view): USD - US Dollar
The currency that the crypto payments get converted to. If you don't choose a currency here, the settlement currency will be the billing currency. API credentials must be provided before currency options show up.
- Cart Price Display Method** (store view): Detailed - All items, discounts, tax, shipping co
Choose "Simple" if your product price settings **include tax**. Read more [here](#).

Available settings:

Enabled:

Set "YES" to enable the payment method.

Title:

Set the title for the payment method to be displayed on the checkout page.

API Key:

Enter your API key.

API Secret:

Enter your API secret.

Settlement Currency:

Set the currency that the crypto payments get converted to. If you don't choose a currency here, the settlement currency will be the billing currency. Enter your API credentials and press the "Save Config" button in order for currency options to show up.

Cart Price Display Method:

- Choose "Detailed" to list all products, taxes, shipping costs and discounts on the COINQVEST hosted checkout page. Only choose if your product price settings **exclude tax**.
- Choose "Simple" to show only the grand total checkout value on the COINQVEST checkout page. Choose if your product price settings **include tax**.

Show COINQVEST Logo:

Select "YES" to show the COINQVEST icon on the checkout page alongside the payment method.

Checkout Page Message:

Customize the checkout page redirect message. Leave blank if not required.

Payment from Applicable Countries:

Select countries to allow using this payment method.

Payment from Specific Countries:

Select specific countries to allow using this payment method.

Sort Order:

Enter sort order of the payment method.

Frontend Checkout Page:

Logo display, payment method title and redirect message can be customized in the admin area settings.
