

# BULK RULE DELETION

For support and information contact us at [support@cueblocks.com](mailto:support@cueblocks.com)

This extension enables the admin to perform a mass deletion of promotion rules listed in the admin menu, 'Promotions'.

There is no provision in the Magento backend to perform multiple deletions of these rules. The admin must open a rule, individually, from the grid in order to delete it.

With the Bulk Promotion Rule Deletion extension, the admin can select multiple rules to be deleted. Following this step, the admin can select 'Action' from the drop-down menu and click on the 'Submit' button to perform the mass deletion.

### How to perform Bulk Promotion rule deletion

1. Go to the Marketing> Promotions> to delete rules in bulk
