## Introduction

Product Tabs Magento 2 extension is helping to display various product information and data in the product page to increase your store usability. There are three tabs by default comes in Magento 2 theme, and these are **details, more information, and reviews**. The admin can add custom tab's content as per product features, no need any programmatically customization to add new tabs. Merchants can easily manage or create tabs on the product pages from the admin panel for additional information and a rewarding shopping experience. The product tab extension for magento2 is flexible to add tab content: HTML, text, images, static block, and video using a WYSIWYG HTML editor. Admin can apply all tabs for multiple products or create an individual tab for a single product. The administrator is able to limit the tab's visibility as per not login users, login users, wholesalers, retailers.

## Installation Guide

- ❖ Download extension zip file from the account and extract it
- ❖ root of your Magento 2 installation and merge app folder
- ❖ folder structure --> app/code/Cynoinfotech/Producttabs

Filename	Filesize	Filetype	Filename	Filesize	Last modified	Permissi
..			..			
app		File folder	app		07/01/17 00:22:41	0755
			bin		04/08/17 16:47:41	0755
			dev		04/08/17 16:47:43	0755
			lib		04/08/17 16:47:43	0755
			magento2		06/30/17 23:01:41	0755
			phpserver		04/08/17 16:47:43	0755

After this run below commands from Magento 2 root directory to install module.

- ❖ Run `:cd < your Magento install dir >`
- ❖ `php bin/magento cache:disable`
- ❖ `php bin/magento module:enable Cynoinfotech_Producttabs`
- ❖ `php bin/magento setup:static-content:deploy`
- ❖ `php bin/magento setup:upgrade`
- ❖ `rm -rf var/cache var/generation var/di var/cache`
