## Introduction to Shopping List Manager

---

The Shopping List Manager Magento2 extension allows customers to create a group and add products under that group. Later they can add those groups of products to the cart and purchase. Customers can maintain any number of groups and add the products under that group. Customer can add the product under the group from the Shopping list manager page by using the product's name or sku, and also add the products from the product view page. This is similar to the native Magento wishlist. But wish list will be removed once you purchased the items also you can't add different groups in the wish list. DCKAP Shopping List manager is an alternative for the wish list with advanced features.

## Version & Compatibility Support

---

### **Version:**

1.0.0 Stable

### **Compatibility:**

This extension is compatible from Magento Community 2.x and Magento Enterprise 2.x to the latest versions.

## Features

---

- Enable/Disable the shopping list manager at any time from Magento backend.
- Customer can search the product using product's name or sku and add it to specific shopping list group.

- Customer can add the product to shopping list group from the product view page.
- Ability to allow customer to create the shopping list group.
- Ability to allow customer to Keep the items in the shopping list after adding items to cart.Admin can enable/disable this feature from Magento Backend.
- Ability to redirect the customer to shopping cart page, once the items added to cart from shopping list page.

## How to Install Shopping List Manager?

---

**Step 1:** Download/purchase the extension.

**Step2:** Create a directory `app\code\DCKAP\Shoppinglist` in your Magento Installation directory.

**Step 3:** Unzip the file in the above directory.

**Step 4:** Enter the following at the command line:

```
php bin/magento module:enable DCKAP_Shoppinglist
```

**Step 5:** Enter the following at the command line:

```
php bin/magento setup:upgrade
```

**Step 6:** Login to Magento backend and navigate to Store -> Configuration -> DCKAP->Shopping List Manager and configure the module.

**Step 7:** Clear the cache using the following command:

```
php bin/magento cache:clean
```

## Module Configuration

---

To enable the extension, go to STORE > Configuration and from left side menu navigate to DCKAP->Shopping List Manager.

### General Configuration

---

<b>Enabled</b> [store view]	<input type="text" value="Yes"/>
<b>Maintain Product in Shopping List After Add to Cart</b> [store view]	<input type="text" value="Yes"/>
<b>After Adding a Product Redirect to Shopping Cart</b> [store view]	<input type="text" value="Yes"/>

- Select Enabled to Yes for enabling the module.
- Select Maintain Product in Shopping List After Add to Cart to Yes for maintain the product in shopping list after add the products to cart. If No, the products will be deleted from the shopping list after the products added to the cart.
- Select After Adding a Product Redirect to Shopping Cart to Yes for redirecting the current page to shopping cart page, if No, the page will be redirected to Shopping List Page.

## Create Shopping List

---

To create shopping list group, login to the website and go to my account section, Select Shopping List on the left side nav. The following page will open.

The screenshot shows a user account dashboard with a left-hand navigation menu and a main content area. The navigation menu includes: Account Dashboard, Account Information, Address Book, My Downloadable Products, Shopping List (highlighted with an orange bar), My Orders, My Credit Cards, Newsletter Subscriptions, Billing Agreements, My Product Reviews, and My Wish List. The main content area is titled 'Shopping List' and contains a sub-section 'Add New Shopping List'. Below this, there is a text input field with the placeholder text 'Enter a name for your new shopping list and then click submit: \*' and a blue 'Submit' button.

Here you can enter the shopping list group name and save it. Once you submit the form the page will look like as follows.

# Shopping List

## Add New Shopping List

Enter a name for your new shopping list and then click submit: \*

Submit

## Shopping List

Customer shopping list: \*

Submit

Image	Name	SKU	Quantity	Add to Cart	Remove
-------	------	-----	----------	-------------	--------

There is no item for the list.

## Add Product to Shopping List

Delete List

Add List to Cart

Search product by name / SKU: \*

Add New Item to List

Here we created the group called Men's Top, which will display in the right hand side Customer Shopping List dropdown. The products will be displayed based on the selected group name in the Customer Shopping List dropdown.

## Search the Product by Name/SKU

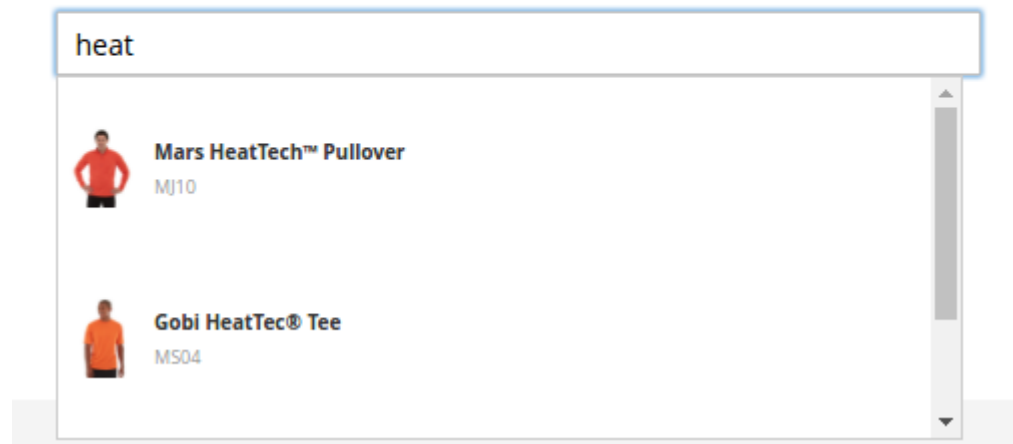

---

There is an option in the Shopping list page to search product by its name or SKU.

### Add Product to Shopping List

---

Search product by name / SKU: \*

The screenshot shows a search input field with the text "heat" entered. Below the input field, a dropdown menu is open, displaying two search results. Each result includes a small product image, the product name, and the SKU. The first result is "Mars HeatTech™ Pullover" with SKU "MJ10". The second result is "Gobi HeatTec® Tee" with SKU "MS04".

Product Name	SKU
Mars HeatTech™ Pullover	MJ10
Gobi HeatTec® Tee	MS04

When the customer enters the name, the search result will be shown in the dropdown. Customers can choose the product and add it to their shopping list group.

## Add product from Product Detail Page

---

Customer can also add the product to shopping list page from the product Detail page.

### Color

### Size

### Qty

 ADD TO WISH LIST    ADD TO COMPARE    EMAIL

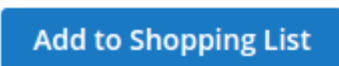

Shopping List

---

Choose shopping list: \*

Enter a name for your new shopping list: \*

Here customers can choose the product's option, qty and add the product to shopping list group. They can choose the existing group name from the Choose shopping list dropdown or enter the new group name.

## Shopping List

Once we added the product to the Shopping List group, the page will look like as follows.

### Shopping List

Add New Shopping List

Enter a name for your new shopping list and then click submit: \*

Submit

Shopping List

Customer shopping list: \*

Submit

Image	Name	SKU	Quantity	Add to Cart	Remove
	Zoltan Gym Tee Color: Green Size: S	MS06	1	<input checked="" type="checkbox"/>	

Add Product to Shopping List

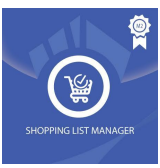

Delete List

Add List to Cart

Search product by name / SKU: \*

Add New Item to List

From this page, customer can choose the products and add them to cart using Add List to Cart button. If the customer doesn't want any specific product, he may remove it from the list separately. They can also delete the group and its product using the Delete List button if they don't want the group.
