

Math Captcha For Magento2

Math Captcha

This Math Captcha Extension allows you to add mathematical captcha on forms and will show them to the Magneto store like below screenshot.

The screenshot shows a Magento2 storefront navigation bar with links for 'What's New', 'Women', 'Men', 'Gear', 'Training', and 'Sale'. Below the navigation is a 'Customer Login' section. Under the heading 'Registered Customers', there is a message: 'If you have an account, sign in with your email address.' This is followed by two input fields: 'Email *' and 'Password *'. At the bottom of the form, there is a math captcha: a small square input box followed by the equation $-2=8$.

Math Captcha Options and Setting

Store Configuration >> select Dotsquares Extension >> Math Captcha >> Enable Yes and select Form where Do you want to show Math Captcha
