Introduction

Multi-Vendor Marketplace turns a standard Magento installation into a multi-vendor / multi-seller marketplace. This way several sellers / vendors can unite their efforts and present a large variety of products on a single platform. Such model can be attractive both for consumers and sellers. Consumers receive a large variety of products from a wide array of sellers for competitive price.

There is no need to spend much time and costs for sellers to start selling their products. Sellers are delegating time-consuming and costly tasks to a marketplace platform owner instead.

We don't reinvent a wheel and utilize most of admin features power for vendors. As a result, vendors can manage their resources (products, orders, etc) similar to how an administrator does it with familiar interfaces. Plus, a lot of custom vendor specific functionality added and we keep going to add more and to improve existing features according to our customers requirements.

Features

Vendor Features

1. Configuration settings
 1. Contacts
 2. Sales
 1. General
 2. Checkout Totals Sort Order
 3. Reorder
 4. Invoice and Packing Slip Design
 5. Minimum Order Amount
 6. Gift Options
 3. Sales Emails
 4. PDF Print-outs
 5. Checkout
 1. Checkout Options
 2. Shopping Cart
 3. My Cart Link
 4. Payment Failed Emails
 6. Shipping Settings
 1. Origin
 2. Shipping Policy Parameters
 7. Multishipping Settings
 8. Shipping Methods
 1. Flat Rate
 2. Free Shipping
 3. Table Rates
 4. UPS
 5. USPS
 6. FedEx
 7. DHL
 9. Payment Methods
 1. PayPal
 2. Braintree
 3. Check / Money Order
 4. Bank Transfer Payment

5. Cash On Delivery Payment
6. Zero Subtotal Checkout
7. Purchase Order
8. Authorize.net Direct Post
2. Products manager to create individual products of all standard types.
3. Product in-line editor
4. Product section modal editor
5. Product change requests (pre-moderation)
6. Category change requests
7. Orders, invoices, shipments, credit memos and transactions managers.
8. Catalog price rules
9. Cart price rules
10. Custom email templates
11. Checkout agreements
12. Dashboard

Administrator Features

1. Vendors manager
2. Vendor user roles editor to create vendor roles with selected privileges.
3. Vendor users manager to create vendor users with desired roles and assign them to vendors.
A single vendor user can manage multiple vendors.
4. Manage configuration settings for each vendor on global / website / store view level
5. Products manager that gives an ability to assign products to vendors.
6. Product in-line editor
7. Product section modal editor
8. Product change requests (pre-moderation)
9. Category change requests
10. Orders, invoices, shipments, credit memos and transactions by vendors. Each entity is assigned to a vendor.
11. Catalog price rules per vendor
12. Cart price rules per vendor
13. Vendor reviews
14. Custom email templates per vendor
15. Checkout agreements per vendor
16. Dashboard statistics for each vendor

Customer Features

1. Multi-vendor layered navigation
2. Multi-vendor mini-cart
3. Multi-vendor cart / multi-cart. A customer can switch between vendor carts and checkout.
Concurrent checkout processes are enabled.
4. Multishipping checkout per vendor
5. Multi-cart API

6. Vendors page with vendors grid
7. View vendor information page with tabbed interface similar to view product
8. Vendor reviews
9. Vendor products page
10. Contact vendor page
11. Product "Other vendor products" block
12. Vendor name is displayed on each order, invoice, shipment or credit memo

Vendors

On the admin menu, select **Stores** → **Other Settings** → **Vendors**. You can manage the list of vendors here. **Default** vendor is installed with all assets initially.

The screenshot shows the 'Vendors' grid page. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, and Stores. The 'STORES' icon is highlighted. The main area has a header with 'Vendors' and a search bar. A large orange button labeled 'Add Vendor' is at the top right. Below the header are filters, a 'Default View' dropdown, and a 'Columns' dropdown. The main content area shows a table with 4 records found. The table has columns for Actions, ID, Code, Name, Status, and Action. The data is as follows:

Actions	ID	Code	Name	Status	Action
<input type="checkbox"/>	1	default	Default	Enabled	Edit
<input type="checkbox"/>	2	bags_seller	Bags Seller	Enabled	Select
<input type="checkbox"/>	3	watches_seller	Watches Seller	Enabled	Select
<input type="checkbox"/>	4	fitness_equipment_seller	Fitness Equipment Seller	Enabled	Select

To create a new vendor, click **Add Vendor** button.

The screenshot shows the 'New Vendor' form. The sidebar on the left includes icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Partners & Extensions. The 'STORES' icon is highlighted. The main form has a header with 'New Vendor' and a back link to 'register or connect an account'. It includes buttons for 'Reset', 'Save and Continue Edit', and a large orange 'Save Vendor' button. The form fields are:

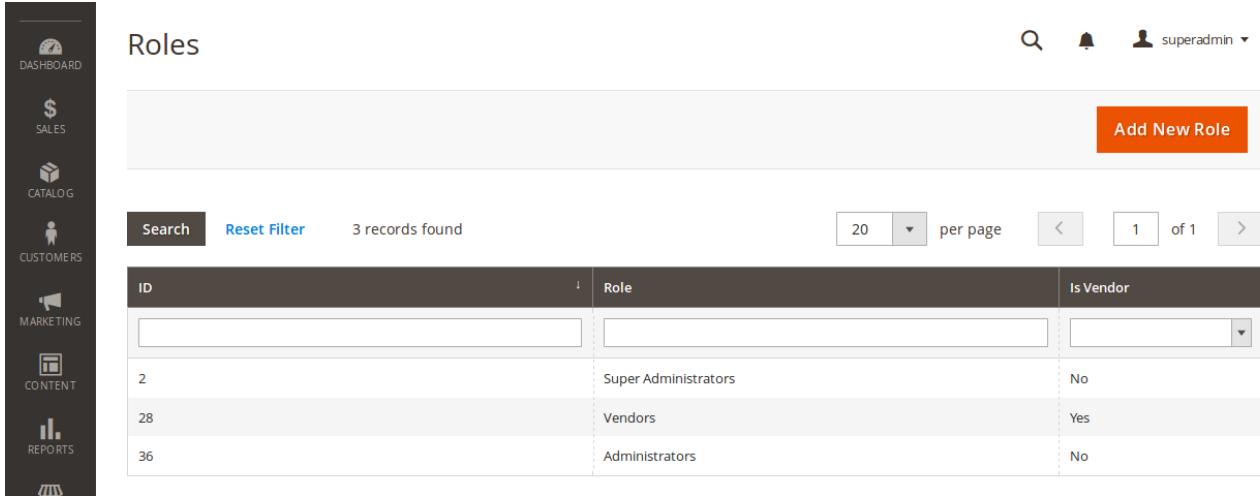

- Enable Vendor:** A radio button set to 'Yes'.
- Code ***: An input field.
- Name ***: An input field.
- Logo**: A file upload button with a note 'Max image size 2M'.
- Content**: A section with a dropdown arrow.
- Search Engine Optimization**: A section with a dropdown arrow.

1. Select **Status**. If a vendor is disabled then vendor products are not available on frontend.

2. Enter a unique **Code** and **Name**.
3. Upload a **Logo**.
4. Enter **Description** and **Short Description**.
5. Enter **Meta Title**, **Meta Keywords** and **Meta Description** for a vendor public page.

Vendor User Roles

Select System → Permissions → User Roles.

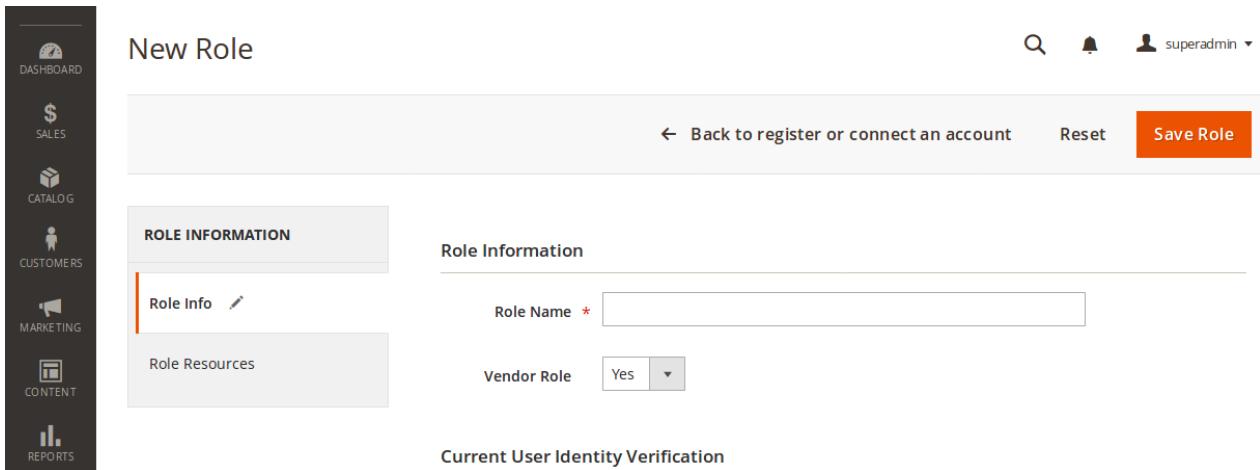

The screenshot shows the 'Roles' page with a sidebar containing icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, and Reports. The main area has a title 'Roles' with a search icon, a user icon labeled 'superadmin', and an orange 'Add New Role' button. Below is a table with columns: ID, Role, and Is Vendor. The table contains three records:

ID	Role	Is Vendor
2	Super Administrators	No
28	Vendors	Yes
36	Administrators	No

The module extends this standard feature by adding vendor roles in addition to administrator roles.

To create a new vendor role, click **Add New Role** button.

The screenshot shows the 'New Role' page with a sidebar containing icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, and Reports. The main area has a title 'New Role' with a search icon, a user icon labeled 'superadmin', and an orange 'Save Role' button. There are two tabs: 'ROLE INFORMATION' (selected) and 'Role Resources'. Under 'ROLE INFORMATION', there are fields for 'Role Name *' (a text input field) and 'Vendor Role' (a dropdown menu set to 'Yes'). Below is a section titled 'Current User Identity Verification'.

You can see **Vendor Role** flag on **Role Info** tab.

New Role

← Back to register or connect an account Reset **Save Role**

Select a vendor role among available on **User Role** tab.

Configuration

On the admin menu, select **Stores** → **Settings** → **Configuration**.

The screenshot shows the 'Configuration' page in the Magento Admin Panel. The left sidebar contains links for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, and System. The main content area is titled 'Configuration' and displays settings for a 'Flat Rate' shipping method. The 'GENERAL' tab is selected, and under the 'SALES' tab, 'Shipping Methods' is selected. The 'Flat Rate' section includes fields for 'Enabled' (set to 'Yes'), 'Title' ('Watches Seller Flat Rate'), 'Method Name' ('Fixed'), 'Type' ('Per Item'), 'Price' (set to '6'), 'Calculate Handling Fee' ('Fixed'), 'Handling Fee', 'Displayed Error Message' ('This shipping method is not available. To use this shipping method, please contact us.'), 'Ship to Applicable Countries' ('All Allowed Countries'), and 'Ship to Specific Countries' ('Afghanistan'). Each field has a 'Use default value' checkbox next to it.

The module extends the standard configuration settings function by adding **Vendor** selector in addition to **Store View** selector.

Once a vendor is selected, you can enter vendor specific settings on a global / website / store view level.

Dashboard

The screenshot shows the Magento 2 Admin Dashboard with a sidebar on the left containing links for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area is titled "Dashboard" and includes a search bar, a vendor selector set to "Watches Seller", a store view selector set to "All Store Views", and a "Reload Data" button. Below this is a section titled "Advanced Reporting" with a sub-section "Lifetime Sales" showing \$0.00. It includes tabs for "Orders" (selected) and "Amounts", and a date range selector set to "Last 24 Hours". A message "No Data Found" is displayed. Other sections include "Average Order" (\$0.00), "Last Orders" (no records found), "Last Search Terms" (no records found), and "Top Search Terms" (no records found). The "Top Search Terms" section displays a table of products:

Product	Price	Views
Aim Analog Watch	\$45.00	26
Endurance Watch	\$49.00	2
Summit Watch	\$54.00	1

The standard **Dashboard** is changed by adding **Vendor** selector in addition to **Store View** selector.

Products

Select Catalog → Products.

The screenshot shows the Magento 2 Admin Products page with a sidebar on the left containing links for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area is titled "Products" and includes a search bar, an "Add Product" button, and filters for "Default View" and "Columns". A search bar labeled "Search by keyword" is also present. Below this is a table with columns: Actions, ID, Thumbnail, Name, Type, Attribute Set, SKU, Price, Quantity, Websites, Vendor, and Action. The table contains four rows of product data:

Actions	ID	Thumbnail	Name	Type	Attribute Set	SKU	Price	Quantity	Websites	Vendor	Action
<input type="checkbox"/>	1		Joust Duffle Bag	Simple Product	Bag	24-MB01	\$34.00	100.0000	Main Website	Bags Seller	Select ▾
<input type="checkbox"/>	2		Strive Shoulder Pack	Simple Product	Bag	24-MB04	\$32.00	100.0000	Main Website	Bags Seller	Select ▾
<input type="checkbox"/>	3		Crown Summit Backpack	Simple Product	Bag	24-MB03	\$40.00	100.0000	Main Website	Bags Seller	Select ▾
<input type="checkbox"/>	4		Wayfarer Messenger Bag	Simple Product	Bag	24-MB05	\$45.00	100.0000	Main Website	Bags Seller	Select ▾

All products are assigned to **Default** vendor initially. You can create new products with a single vendor assigned. Each vendor is seeing own products only.

Click **Add Product** button.

The screenshot shows the 'New Product' form in the Magento Admin. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area has a header 'New Product' with a search icon, a notification bell, and a user dropdown for 'superadmin'. Below the header are buttons for 'Back to register or connect an account', 'Add Attribute', 'Save', and a dropdown menu. The form fields include: 'Enable Product [website]' (switched on), 'Vendor' (set to 'Watches Seller'), 'Attribute Set' (set to 'Default'), 'Product Name * [store view]' (empty), 'SKU * [global]' (empty), 'Price * [global]' (empty), 'Tax Class [website]' (set to 'Taxable Goods'), and 'Quantity [global]' (empty). There are also 'Advanced Pricing' and 'Advanced Inventory' links.

On **Vendor** selection the system reloads the form with an ability to select related products of the same vendor. The related products are cross-sells, up-sells, configurable, bundle and grouped child products, related products itself.

Section Editing

Once the module is installed, you can see **Edit** action replaced with the action menu. This feature allows to change any product information without leaving the products list page.

The screenshot shows the Magento Admin interface. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area is a product grid titled 'Actions' with 2046 records found. The grid columns are: ID, Thumbnail, Name, Type, Attribute Set, SKU, Price, Quantity, Websites, Vendor, and Action. A context menu is open over the first row (ID 1, Joust Duffle Bag). The menu items are: Bags, Select, Edit Link, General, Advanced Inventory, Content, Downloadable Information, Configurations, Reviews, Images And Videos, Search Engine Optimization, Custom Options, and Websites. The 'Edit Link' option is highlighted.

ID	Thumbnail	Name	Type	Attribute Set	SKU	Price	Quantity	Websites	Vendor	Action
1		Joust Duffle Bag	Simple Product	Bag	24-MB01	\$34.00	100.0000	Main Website	Bags	Select
2		Strive Shoulder Pack	Simple Product	Bag	24-MB04	\$32.00	100.0000	Main Website		
3		Crown Summit Backpack	Simple Product	Bag	24-MB03	\$40.00	100.0000	Main Website		
4		Wayfarer Messenger Bag	Simple Product	Bag	24-MB05	\$45.00	100.0000	Main Website		
5		Rival Field Messenger Bag	Simple Product	Bag	24-MB06	\$45.00	100.0000	Main Website		
6		Fusion Backpack	Simple Product	Bag	24-MB02	\$59.00	100.0000	Main Website		

The first action in the list is **Edit Link** by clicking which you can change a product information on the full product page as before. Each next action represents a product section that can be edited separately in a popup. Any product attributes group can be managed as a section.

The screenshot shows the 'Joust Duffle Bag' product edit page. The top navigation bar includes a back arrow, a magnifying glass icon, and a search input field. Below the navigation is a toolbar with 'Cancel', 'Reload', and 'Save' buttons. The main content area is titled 'Content'. It features a 'Description [store view]' section with a 'Show / Hide Editor' button. The editor is a rich text editor with various tools like bold, italic, underline, font size, and color. The description text is: 'The sporty Joust Duffle Bag can't be beat - not in the gym, not on the luggage carousel, not anywhere. Big enough to haul a basketball or soccer ball and some sneakers with plenty of room to spare, it's ideal for athletes with places to go.' Below the editor is a list of bullet points: '• Dual top handles.', '• Adjustable shoulder strap.', '• Full-length zipper.', '• L 29" x W 13" x H 11". At the bottom of the content area is a 'Path: p' field.

You can create custom attributes groups or change existing ones for an attribute set with a standard Magento feature: **Stores → Attributes → Attribute Sets**. Each attribute can be moved inside a

group or a group can be changed. The module handles all custom attributes groups with any given attributes in them.

In addition to the attributes groups sections a number of custom sections are defined for a product like: **Advanced Inventory**, **Custom Options**, etc.

The screenshot shows the 'Advanced Inventory' configuration page for a product named 'Joust Duffle Bag'. The left sidebar includes links for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area has a header 'Joust Duffle Bag' and buttons for Cancel, Reload, and Save. The configuration section is titled 'Advanced Inventory' and contains the following settings:

- Manage Stock [global]: Yes, Use Config Settings checked
- Qty [global]: 100
- Out-of-Stock Threshold [global]: 0, Use Config Settings checked
- Minimum Qty Allowed in Shopping Cart [global]: 1, Use Config Settings checked
- Maximum Qty Allowed in Shopping Cart [global]: 10000, Use Config Settings checked
- Qty Uses Decimals [global]: No
- Allow Multiple Boxes for Shipping [global]: No

The screenshot shows the 'Customizable Options' configuration page for a product named 'Joust Duffle Bag'. The left sidebar includes links for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area has a header 'Joust Duffle Bag' and buttons for Cancel, Reload, and Save. The configuration section is titled 'Customizable Options' and contains the following information:

Custom options let customers choose the product variations they want. [Import Options](#) [Add Option](#)

Current item: Support

Option Title *	Option Type *	Required
Support	Radio Buttons	<input checked="" type="checkbox"/>

Title *	Price *	Price Type	SKU
3 months	\$ 0	Fixed	3-months

[Add Value](#)

All standard Magento product types information editing is supported: bundle items, configurations, downloadable information, grouped.

The screenshot shows the 'Beginner's Yoga' product edit screen. In the 'Links' section, a new link is being added with the title 'Downloads'. The 'File' field has 'luma_background_-_mo...' selected, and the 'Max. Downloads' field is set to 0. The 'Shareable' and 'Sample' fields are also visible. A note at the bottom states: 'Alphanumeric, dash and underscore characters are recommended for filenames. Improper characters are replaced with '_.''

The screenshot shows the 'Set of Sprite Yoga Straps' grouped products screen. It displays three individual products: 'Sprite Yoga Strap 6 foot', 'Sprite Yoga Strap 8 foot', and 'Sprite Yoga Strap 10 foot', all grouped under the 'Sprite Yoga Strap' attribute set. The 'Actions' column contains 'Remove' buttons for each item.

ID	Thumbnail	Name	Attribute Set	Status	SKU	Price	Default Quantity	Actions
33		Sprite Yoga Strap 6 foot	Sprite Yoga Strap	Enabled	24-WG085	\$14.00	0.0000	Remove
34		Sprite Yoga Strap 8 foot	Sprite Yoga Strap	Enabled	24-WG086	\$17.00	0.0000	Remove
35		Sprite Yoga Strap 10 foot	Sprite Yoga Strap	Enabled	24-WG087	\$21.00	0.0000	Remove

Sections editing is enabled by default but it can be disabled in configuration settings. Select in admin menu **Stores** → **Settings** → **Configuration**. In configuration menu **Catalog** → **Catalog** → **Product Editor** → **Section Editing**

In-line Editing

In-line editing is enabled for the products grid similarly to how it's done for CMS pages.

The screenshot shows the Magestore Admin Panel's 'Products' section. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, and Stores. The 'Catalog' icon is highlighted. The main area has a header with a search bar, a bell icon, and a user dropdown for 'superadmin'. A large orange 'Add Product' button is at the top right. Below it is a 'Filters' button, a 'Default View' dropdown, and a 'Columns' dropdown. A search bar says 'Search by keyword'. Underneath is a table with columns: ID, Thumbnail, Name, Type, Attribute Set, SKU, Price, Quantity, Websites, Vendor, and Action. The first row shows a checked checkbox, ID 1, thumbnail of a bag, name 'Joust Duffl', type 'Simple Product', attribute set 'Bag', SKU '24-MB0', price '\$ 34', quantity '100.0000', websites 'Main Website', vendor 'Bags Seller', and an edit icon. The second row is partially visible with ID 2, name 'Strive Shoulder Pack', type 'Simple Product', and a 'Save' button. The third row is partially visible with ID 3, name 'Crown Summit', type 'Simple', and a 'Select' button.

Click a product you want to change, modify attributes values, tap **Save**.

Multiple editing can be performed by selecting products you want to edit in the left column and selecting **Edit** in the mass actions menu.

The screenshot shows the same 'Products' page as above, but with a context menu open over the first three products. The menu has options: 'Delete', 'Change status', and 'Update attributes'. The 'Update attributes' option is highlighted with a blue border. Below the menu is a table with columns: ID, Thumbnail, Name, Type, Attribute Set, SKU, Price, Quantity, Websites, Vendor, and Action. The table rows correspond to products 1, 2, and 3 from the previous screenshot. Each row has a checkbox, a thumbnail, a name, a type, an attribute set, a SKU, a price, a quantity, websites, vendor, and an edit icon. There are also 'All in Column' buttons for each row and an 'Apply' button at the bottom right of the table.

This feature is similar to a single item in-line editing but allows a multiple items update at once.

In-line editing can be disabled in configuration settings. Select in admin menu **Stores** → **Settings** → **Configuration**. In configuration menu **Catalog** → **Catalog** → **Product Editor** → **In-line Editing**

Category Change Requests

Tap Catalog → Category Change Requests.

The screenshot shows a list of category change requests. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog (selected), Customers, Marketing, Content, and Reports. The main area has a title 'Category Change Requests' and an orange 'Add Change Request' button. Below is a table with columns: Actions, ID, Category Name, Category Action, Status, Created, Modified, and Action. There are two records found:

Actions	ID	Category Name	Category Action	Status	Created	Modified	Action
<input type="checkbox"/>	1		Add Category	Review	Oct 9, 2018 9:20:32 AM	Oct 9, 2018 9:20:32 AM	Select ▾
<input type="checkbox"/>	2	Sale	Edit Category	Review	Oct 9, 2018 9:23:33 AM	Oct 9, 2018 9:23:33 AM	Select ▾

The list of category change requests can be managed here.

Click **Add Change Request** button to create a new category change request.

The screenshot shows a 'New Category Change Request' form. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog (selected), Customers, Marketing, and Content. The main area has a title 'New Category Change Request' and buttons for Back, Reset, Save as Draft (orange), and Submit for Review. Below are fields for Action (Select Action dropdown) and Status (Draft).

The initial change request status is **Draft**. You should select **Action** to move to the next steps. There are 3 options available: **Add Category**, **Edit Category**, **Delete Category**. Let's inspect each case separately.

Adding Category

1. Select **Add Category** option for **Action** field.

The screenshot shows a 'New Category Change Request' page. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area has a header 'New Category Change Request' with a search icon. Below it are buttons for 'Back', 'Reset', and 'Save as Draft'. The 'Action' field is set to 'Add Category'. The 'Status' is 'Draft'. The form is divided into sections: 'Edit Category' and 'General'. Under 'General', there are fields for 'Enable Category' (set to 'Yes'), 'Include in Menu' (set to 'Yes'), 'Parent Category' (a dropdown menu), and 'Category Name' (an input field). A 'Content' section is also present at the bottom.

2. Fill in the category form that is similar to the standard one. Note, you should select **Parent Category** field additionally.
3. Click **Save as Draft** button to save change request as draft or click **Save for Review** button to submit change request for review.

Editing Category

1. Select **Edit Category** option for **Action** field.

New Category Change Request

superadmin

2. Select **Category** field.

The screenshot shows the 'New Category Change Request' page. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and R&D Partners & Extensions. The main area has a header with a search icon, a bell icon, and a user dropdown for 'superadmin'. Below the header are buttons for 'Back', 'Reset', 'Save as Draft' (highlighted in orange), and 'Submit for Review'. A dropdown menu labeled 'Action *' is set to 'Edit Category'. The 'Status *' is 'Draft'. The 'Category *' dropdown is set to 'Watches'. The 'Edit Category' section contains tabs for 'General' (selected) and 'Content'. Under 'General', there are fields for 'Enable Category' (set to 'Yes'), 'Include in Menu' (set to 'Yes'), 'Parent Category' (set to 'Gear'), and 'Category Name' (set to 'Watches'). The 'Content' tab is partially visible.

3. Fill in the category form.

4. Click **Save as Draft** or **Save for Review** button to save the change request.

Deleting Category

1. Select **Delete Category** option for **Action** field.

New Category Change Request

Action * Delete Category

2. Select **Category** field.

3. Click **Save as Draft** or **Save for Review** button to save the change request.

The change request that is submitted for review can't be modified anymore and should be reviewed by a user who is granted to edit categories.

Reviewing Category

1. On **Category Change Requests** page click **Edit** action for the change request that you want to review. Note, the change request status must be **Review**.

The screenshot shows the 'Edit Category Change Request' page for ID 1. The left sidebar includes links for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area has tabs for 'General' and 'Content'. Under 'General', there are fields for 'Enable Category' (set to Yes), 'Include in Menu' (set to Yes), 'Parent Category' (set to Sale), and 'Category Name' (set to Test). Action buttons at the top right include Back, Delete, Reset, Save and Accept (highlighted in orange), and Reject.

2. Check category data entered within the change request and adjust some fields if needed.
3. Tap **Save and Accept** button to approve the change request and to take it into effect.
4. Or, tap **Reject** button to reject the change request.

The screenshot shows the 'Reject Change Request' dialog box. The left sidebar is visible with its navigation links. The main area contains a 'Status Comment' field with a placeholder 'Enter status comment...' and a 'Done' button in the top right corner.

5. If **Reject** button is clicked then reject reason can be entered in **Status Comment** field. The reason will be visible for the person who created the request. Later, change request can be recreated with corrections applied.

Product Change Requests

Product change requests managing process is absolutely identical to category change requests managing.

Tap Catalog → Product Change Requests.

The screenshot shows the 'Product Change Requests' list page. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog (selected), Customers, Marketing, Content, and Reports. The main area has a header 'Product Change Requests' with a search icon, a user dropdown for 'superadmin', and an orange 'Add Change Request' button. Below the header are filters, a 'Default View' dropdown, and a 'Columns' dropdown. A toolbar includes 'Actions', a dropdown menu, and a message '2 records found'. At the bottom are pagination controls for '20 per page', '1 of 1', and navigation arrows. The table lists two records:

Actions	ID	Product Name	Product Action	Status	Vendor	Created	Modified	Action
<input type="checkbox"/>	1		Add Product	Review	Watches Seller	Oct 9, 2018 11:21:01 AM	Oct 9, 2018 11:21:01 AM	Select
<input type="checkbox"/>	2	Endurance Watch	Edit Product	Review	Watches Seller	Oct 9, 2018 11:21:57 AM	Oct 9, 2018 11:21:57 AM	Select

The list of product change requests can be managed here.

Click **Add Change Request** button to create a new product change request.

The screenshot shows the 'New Product Change Request' form. The sidebar on the left is identical to the previous screenshot. The main area has a header 'New Product Change Request' with a search icon, a user dropdown for 'superadmin', and a toolbar with 'Back', 'Reset', 'Save as Draft' (orange button), and 'Submit for Review' (orange button). The form fields include 'Vendor *' with a dropdown set to 'Bags Seller', 'Action *' with a dropdown set to 'Select Action', and 'Status *' with a dropdown set to 'Draft'.

Select **Vendor** and then **Action** fields. There are 3 options available for **Action** field: **Add Product**, **Edit Product**, **Delete Product**. Let's walk by each case separately.

Adding Product

1. Select **Add Product** option for **Action** field.

3. Fill in the product form.
4. Click **Save as Draft** or **Save for Review** button to save the change request.

Deleting Product

1. Select **Delete Product** option for **Action** field.

The screenshot shows the 'New Product Change Request' page. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area has a header with a search icon, a bell icon, and a user dropdown for 'superadmin'. Below the header are buttons for 'Back', 'Reset', 'Save as Draft' (orange), and 'Submit for Review' (orange). The 'Action' field is set to 'Delete Product'. The 'Status' is 'Draft'. A table titled 'Select Product' lists two items: 'Aim Analog Watch' (ID 36) and 'Endurance Watch' (ID 37). Both are simple products of type 'Gear'. The table includes columns for ID, Thumbnail, Name, Type, Attribute Set, SKU, Price, Quantity, Visibility, Status, Websites, and Action. The 'Visibility' column shows 'Catalog, Search' for both items. The 'Status' column shows 'Enabled'. The 'Websites' column shows 'Main Website'. The 'Action' column contains a 'Select' link for each item. The table has 9 records found, with 20 per page, page 1 of 1.

ID	Thumbnail	Name	Type	Attribute Set	SKU	Price	Quantity	Visibility	Status	Websites	Action
36		Aim Analog Watch	Simple Product	Gear	24-MG04	\$46.00	97.0000	Catalog, Search	Enabled	Main Website	Select
37		Endurance Watch	Simple Product	Gear	24-MG01	\$49.00	97.0000	Catalog, Search	Enabled	Main Website	Select
39		Summit Watch	Simple	Gear	24	\$51.00	100.0000	Catalog	Enabled	Main	Select

2. Select a product.

3. Click **Save as Draft** or **Save for Review** button to save the change request.

The change request that is submitted for review can't be modified anymore and should be reviewed by a user who is granted to edit products.

Reviewing Product

1. On **Product Change Requests** page click **Edit** action for the change request that you want to review. Note, the change request status must be **Review**.

Edit Product Change Request ID = 2

Done

5. If **Reject** button is clicked then reject reason can be entered in **Status Comment** field. The reason will be visible after **Status** field. Later, change request can be recreated with corrections applied.

Orders

Select Sales → Orders.

ID	Purchase Point	Purchase Date	Bill-to Name	Ship-to Name	Grand Total (Base)	Grand Total (Purchased)	Status	Vendor	Action
000000012	Main Website Main Website Store Default Store View	May 26, 2018 1:43:54 PM	Veronica Costello	Veronica Costello	\$123.50	\$123.50	Pending	Watches Seller	View
000000011	Main Website Main Website Store Default Store View	Nov 12, 2017 2:17:23 PM	Veronica Costello	Veronica Costello	\$63.71	\$63.71	Pending	Default	View

Vendor column makes it possible to filter orders by vendors. Each order is assigned to a single vendor. Administrator users can manage all orders. At the same time vendor users can see and manage orders of assigned vendors only.

Click **Create New Order** button.

Product	Price	Qty	Subtotal	Discount	Row Subtotal	Action
Endurance Watch SKU: 24-MG01	\$49.00	<input type="text" value="1"/>	\$49.00	<input checked="" type="checkbox"/> Apply	\$49.00	Please select
Summit Watch SKU: 24-MG03	\$54.00	<input type="text" value="1"/>	\$54.00	<input checked="" type="checkbox"/> Apply	\$54.00	Please select

To create an order, **Vendor** should be selected on the left sidebar. On a vendor selected, the system loads corresponding products, payment and shipping methods.

The same way each invoice, shipment and credit memo has a vendor information assigned.

Catalog Price Rules

Tap **Marketing** → **Promotions** → **Catalog Price Rule**.

The screenshot shows the 'Catalog Price Rule' page within a marketing application. The left sidebar includes links for Dashboard, Sales, Catalog, Customers, Marketing (which is selected), Content, and Reports. The main area has a header with a search icon, a notification bell, and a user account for 'superadmin'. Below the header are buttons for 'Apply Rules' and 'Add New Rule'. A toolbar below the header includes 'Search', 'Reset Filter', and a message indicating '1 records found'. The main content area is a table with the following columns: ID, Rule, Start, End, Status, Web Site, and Vendor. One record is listed:

ID	Rule	Start	End	Status	Web Site	Vendor
2	Endurance Watch Discount	From: [date] To: [date]	--	Active	Main Website	Watches Seller

The module links rules to vendors. You can see **Vendor** column appeared here. Rules that are not assigned to available vendors are hidden.

Click **Add New Rule** button to create a new rule.

	ID	Type	Attribute Set	SKU	Product
<input type="checkbox"/>	Any	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="checkbox"/>	36	Simple Product	Gear	24-MG04	Aim Analog Watch
<input type="checkbox"/>	37	Simple Product	Gear	24-MG01	Endurance Watch
<input type="checkbox"/>	38	Simple Product	Gear	24-MG03	Summit Watch
<input type="checkbox"/>	39	Simple Product	Gear	24-MG05	Cruise Dual Analog Watch

You can find the additional **Vendor** field at the top of the form. A rule can be applied for products matching the same vendor only.

Cart Price Rules

Select **Marketing** → **Promotions** → **Cart Price Rules**.

The screenshot shows the 'Cart Price Rules' list page. On the left is a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing (selected), Content, Reports, Stores, System, and Find Partners & Extensions. The main area has a title 'Cart Price Rules' with a search icon, a notification bell, and a user dropdown for 'superadmin'. An orange button 'Add New Rule' is in the top right. Below is a table with columns: ID, Rule, Coupon Code, Start, End, Status, Web Site, Priority, and Vendor. A search bar and filter buttons ('Search', 'Reset Filter') are at the top of the table. Pagination controls show 20 records per page, page 1 of 1. The table contains one row with ID 1, Rule 'Watches Seller Discount', Start date 'Oct 9, 2018', End date '--', Active status, Main Website, Priority 0, and Vendor 'Watches Seller'.

Similar to catalog price rules the module links cart price rules to vendors. You can find **Vendor** grid column added. Rules that are not assigned to available vendors are hidden.

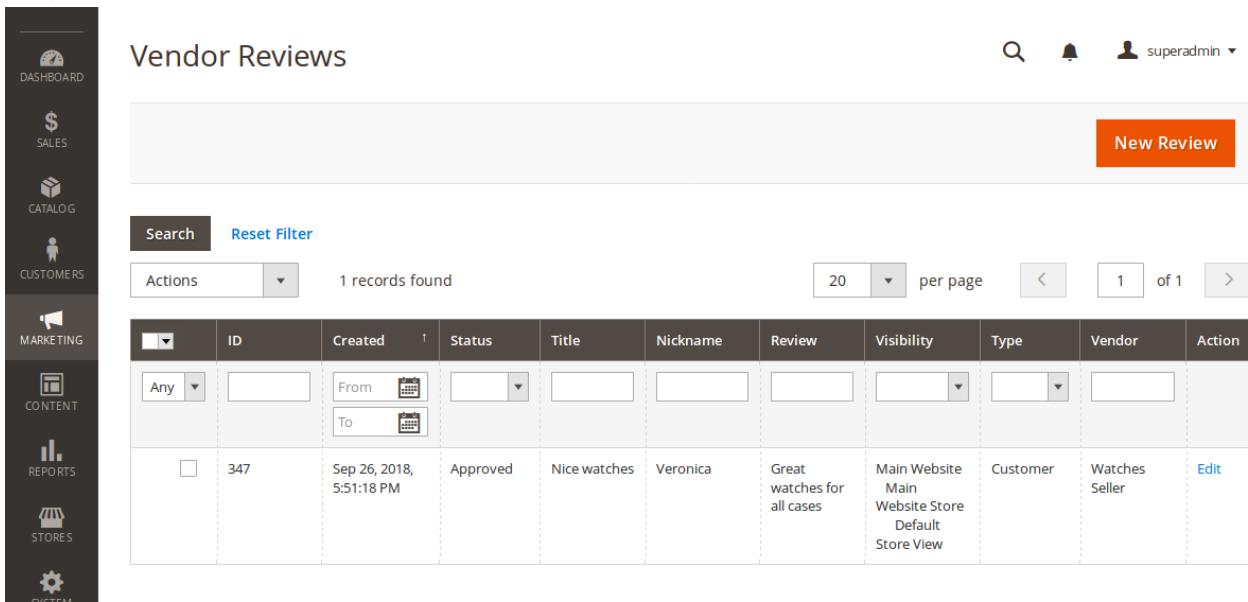

Click **Add New Rule** button to create a new rule.

The screenshot shows the 'New Cart Price Rule' creation form. The sidebar is identical to the previous screenshot. The main area has a title 'New Cart Price Rule' with a search icon, a back arrow, a 'Reset' button, a 'Save and Continue Edit' button, and an orange 'Save' button. A message 'Currently Active' is displayed. A 'Rule Information' section includes fields for 'Vendor *' (set to 'Watches Seller'), 'Rule Name *' (empty), 'Description' (empty), 'Active *' (set to 'Yes'), and 'Websites *' (set to 'Main Website'). A question mark icon is next to the websites field.

The only new field added is **Vendor**. A rule can be applied for carts and products matching the same vendor only.

Vendor Reviews

Tap Marketing → User Content → Vendor Reviews.

The screenshot shows the Magento Admin Panel with the sidebar navigation open. The 'Marketing' section is selected, and under 'User Content', 'Vendor Reviews' is chosen. The main area displays a table with one record found. The table columns include ID, Created, Status, Title, Nickname, Review, Visibility, Type, Vendor, and Action. The single record listed is for review ID 347, created on Sep 26, 2018, at 5:51:18 PM, approved, titled 'Nice watches', by user 'Veronica', with the review 'Great watches for all cases'. It is visible on 'Main Website Main Website Store Default Store View' and assigned to 'Customer' vendor 'Watches Seller'. An 'Edit' link is available for this record.

Action	ID	Created	Status	Title	Nickname	Review	Visibility	Type	Vendor	Action
<input type="checkbox"/>	347	Sep 26, 2018, 5:51:18 PM	Approved	Nice watches	Veronica	Great watches for all cases	Main Website Main Website Store Default Store View	Customer	Watches Seller	Edit

The list of vendor reviews can be found here. The process of vendor reviews managing is equivalent to product reviews managing and therefore must be familiar for all Magento users. A user can manage reviews that are linked to assigned vendors.

Click **New Review** button to create a review.

New Vendor Review

3. On visibility change **Vendor Rating** ratings selector comes loaded and it can be picked.
4. Select **Status**, enter **Nickname**, **Summary of Review** and **Review**.
5. Tap **Save Review** button to save the review.

Vendor Ratings

Click **Stores** → **Attributes** → **Vendor Rating**.

The screenshot shows a table with four columns: ID, Rating, Sort Order, and Is Active. The first row has an ID of 5, a Rating of 'Rating', a Sort Order of 0, and an Is Active status of 'Active'. Below the table are search and filter buttons, a message indicating 1 record found, and a navigation bar.

ID	Rating	Sort Order	Is Active
5	Rating	0	Active

Click **Add New Rating** button to create a new rating.

The screenshot shows the 'New Rating' form. It includes sections for 'RATING INFORMATION' (Rating Information), 'Rating Title' (with a note: 'Please specify a rating title for a store, or we'll just use the default value.'), 'Default Value' (with a red asterisk), 'Default Store View', 'Visibility' (set to 'Main Website'), 'Is Active' (unchecked), and 'Sort Order'.

1. Enter **Rating Title** values.
2. Select **Visibility**, flag **Is Active** and enter **Sort Order**.
3. Tap **Save Rating** button to save the rating.

Email Templates

Tap Marketing → Communications → Email Templates.

The screenshot shows the 'Email Templates' page within the Marketing section of the application. On the left, there's a vertical sidebar with icons for Dashboard, Sales, Catalog, Customers, Marketing (which is selected and highlighted in orange), Content, Reports, Stores, and System. The main area has a header 'Email Templates' with a search icon, a notification bell, and a user dropdown for 'superadmin'. A prominent orange button at the top right says 'Add New Template'. Below the header is a search bar with 'Search' and 'Reset Filter' buttons, and a message '2 records found'. There are buttons for '20 per page' and navigation arrows. The main content is a table with the following columns: ID, Template, Added, Updated, Subject, Template Type, Vendor, and Action. Two rows of data are shown:

ID	Template	Added	Updated	Subject	Template Type	Vendor	Action
1	Watches Seller New Order	Oct 9, 2018, 8:00:38 AM	Oct 9, 2018, 8:00:38 AM	{{trans "Your %store_name order confirmation" store_name=\$store.getFrontendName()}}	HTML	Watches Seller	Preview
2	Bags Seller Contact Form	Oct 9, 2018, 8:01:04 AM	Oct 9, 2018, 8:01:04 AM	{{trans "Contact Form"}}	HTML	Bags Seller	Preview

Custom email templates can be created for each vendor here. **Vendor** is a new grid column. Note, administrator or vendor user can access templates of assigned vendors only.

A new template can be created by clicking **Add New Template** button.

The template form is the same as the standard one. The only difference is **Vendor** field to assign vendors is added.

Terms and Conditions

Select **Stores** → **Settings** → **Terms and Conditions**.

The screenshot shows the 'Terms and Conditions' page within a web-based administration system. On the left, a vertical sidebar menu lists several categories: DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, and REPORTS. The 'CONTENT' item is currently selected and highlighted in dark grey. The main content area has a title 'Terms and Conditions'. At the top right, there are icons for search, notifications, and user authentication ('superadmin'). Below the title is a large, empty text input field. In the bottom right corner of this field is a red button labeled 'Add New Condition'. Underneath the input field is a search bar with 'Search' and 'Reset Filter' buttons, and a message indicating '2 records found'. To the right of the search bar are dropdown menus for 'per page' (set to 20) and 'page number' (set to 1 of 1). A navigation bar with arrows is also present. The main data area is a table with the following columns: ID, Condition, Store View, Status, and Vendor. The table contains two rows of data:

ID	Condition	Store View	Status	Vendor
1	Watches Seller Terms and Conditions	All Store Views	Enabled	Watches Seller
2	Bags Seller Terms and Conditions	All Store Views	Enabled	Bags Seller

Each condition is assigned to a single vendor. **Vendor** grid column can be used to filter records by vendors. Note, administrator or vendor user can see and manage conditions of available vendors only.

To create new condition, Click **Add New Condition** button.

It's easy to track and monitor your training progress with the Endurance Watch. You'll see standard info like time, date and day of the week, but it also functions for the serious high-mileage athlete: lap counter, stopwatch, distance, heart rate, speed/pace, cadence and altitude.

- Digital display.
- LED backlight.
- Strap fits 7" to 10".
- 1-year limited warranty.
- Comes with polished metal case.

On the vendors page the list of enabled vendors is presented for a customer. Click a vendor link to check the vendor's information.

The screenshot shows a storefront interface for 'Watches Seller'. At the top, there is a dark header bar with the text 'Default welcome msg! Sign In or Create an Account'. Below the header is the LUMA logo and a search bar containing 'Search entire store here...'. A shopping cart icon is also present. The main navigation menu includes 'What's New', 'Women', 'Men', 'Gear', 'Training', 'Sale', and 'Vendors', with 'Vendors' being the active tab. The page title is 'Watches Seller'. On the left, there is a sidebar with sections for 'Vendor Information', 'Vendor Products', and 'Contact Vendor'. The main content area features a large image of a storefront. To the right of the image, there is a rating section with a 5-star icon, '1 Review', and a link 'Add Your Review'. Below the rating is the text 'Best watches brands.'. Underneath the storefront image, there is a section titled 'Compare Products' with the message 'You have no items to compare.' and a 'My Wish List' section with the message 'You have no items in your wish list.' At the bottom of the page, there are two buttons: 'Details' and 'Reviews (1)'. A detailed description of a watch is provided in a box: 'A watch is a small timepiece intended to be carried or worn by a person. It is designed to keep working despite the motions caused by the person's activities. A wristwatch is designed to be worn around the wrist, attached by a watch strap or other type of bracelet. A pocket watch is designed for a person to carry in a pocket. [Read more »](#)'.

On the vendor page you can see a vendor logo, descriptions, reviews and the left sidebar menu with items: **Vendor Information**, **Contact Vendor**, **Vendor Products**.

Click **Contact Vendor**.
