Installation Guide :

1. Preparing your Magento

1.1. Backup your files and databases
It is recommended to backup your server files and database before installing any module. It is also recommended that you install on a test server beforehand.

1.2. Disable Magento Compilation
Magento compilation needs to be disabled each time you install any extension. Please follow the steps listed below:
1. Check if you have your Compilation enabled in your backend: System > Tools > Compilation
2. Disable it if it is enabled
3. Go to the FTP and delete all files inside the directory /includes/src/

2. Installation

2.1. Manual Installation
1. In the admin panel go to System > Magento Connect > Magento Connect Manager
2. In the Direct package file upload section, click choose File and select eFlyerMaker-X.Y.Z.tgz package
3. Click Return to Admin at the top of the page to return to your admin panel
4. Congratulations, your eFlyerMaker sign-up form builder is ready to use.

2.2. Through Magento Commerce
1. Go to https://marketplace.magento.com/
2. In the search bar, type "eflyermaker"
3. Add to cart
4. Go to the checkout and place order
5. With Key
   1. Click Install
6. Without key
   1. Click download
   2. Back in Magento Admin, go to System > Web Setup Wizard > Component Manager
   3. Sign in (If needed, you need to get your Access key from marketplace.magento.com)

3. Prerequisite

1. eFlyerMaker.com Account
2. Connection credentials for the plugin, account name, Publication key (see below "How to get my eFlyerMaker's credentials for Magento")

4. Get Started

4.1. Get your eFlyerMaker Information
1. Log in to your eFlyerMaker's account or create your free account now
2. In the navigation menu, select "List", then "Publications"
3. Under Newsletter, click "Sign-Up HTML Code"
4. In the pop-over modal window, select Plugins, then Magento
5. Copy all the JSON code

4.2. Create your Newsletter Signup Form
1. Click Create Form tab located in menu bar
2. Paste the code in the field "eFlyerMaker JSON code"
3. Click "Create Form" button
4. You may click on a field to access the **Input Text Options** panel. Use this panel to customize the form
5. You may change the fields order by simply dragging them up or down
6. Once your changes are completed, make sure to choose a descriptive name for your form, then click Save Form button.

4.3. Set up the form in the Magento CMS
1. Click the Manage Form tab located in the menu bar
2. Click the </> icon located at the right side of the table
3. Copy all the blue text (Select "is a pop-up" if you want your signup form to be a pop-up)
4. Go in Magento CMS Content > Pages, then choose the page you want to add the form
5. Paste the code in the Content editor, then save.
