

## Pinterest Feed User Guide

Before you install this module, you should make a backup of your site. The instance mode should be set to development before you begin the installation. Enter the console and navigate to run the command below.

1. `php bin/magento deploy:mode:set developer` then goto `/app/code` folder. (If you don't see the code folder, you need to create one. After that create an Elfsight/PinterestFeed folder and extract the extension files into this folder. If there are any files already in the Elfsight/CountdownTimer folder, remove them and replace with the new extracted ones).
2. Next, open the console and navigate to run the command: `php bin/magento setup:upgrade` Important: If you're installing the module in developer mode, you don't need to re-compile. If not, recompile and generate the browser static-content with the command below:
  - a. `php bin/magento setup:di:compile`
  - b. `php bin/magento setup:static-content:deploy`

Switch the mode back to production after you complete the setup. `magento deploy:mode:set production` & make sure all file and folder permissions are correct.

### **Backend settings:**

PHP: 7.0

MySQL: 5.7

## Options:

Name	Value	Description
Content to display	user	Select the kind of content you need to display - Twitter feed by account, by hashtag, Twitter testimonials. With Twitter testimonials, you need to hand-pick Tweets with testimonials about you.

Show Pins	true	Show/hide pins.
Pin elements to display	"author" "note", "share-button", "pinterest-icon"	Choose the elements to show/hide for each pin in the widget.
Theme color	rgb(230, 0, 35)	Select the theme color for your widget elements.

# Screenshots:

The screenshot displays a web application interface for a Pinterest feed. On the left is a dark sidebar with the following sections:

- CONTENT TO DISPLAY:** Buttons for Profile, Boards, and Pins.
- PROFILE:** A text input field containing 'tommyhilfiger'.
- BOARDS:** Five input fields, each containing a URL: 'https://www.pinterest.com/tommyhilfiger...'. Each field has a close icon (X) on the right.
- LANGUAGE:** A dropdown menu currently set to 'English'.
- FEED TITLE:** A text input field containing 'Pinterest Feed'.

The main content area, titled 'Pinterest Feed', features the 'elfsight' logo in the top right corner. It displays a profile for 'Tommy Hilfiger' with 84.7K Followers and a 'Follow' button. Below the profile are two tabs: 'Boards' (selected) and 'Pins'. The feed shows a grid of product boards:

- TOMMYXGIGI S18:** 7 Pins. A board featuring images of people wearing winter jackets.
- SHOES H17:** 6 Pins. A board featuring images of various styles of shoes.
- BTS TOMMYXGIGI F17:** 6 Pins. A board featuring images of people in winter clothing.
- TOMMYNOW F17 London:** 64 Pins. A board featuring images of people on a red carpet.
