

## Cancel Order Extension For Magento 2

Once this extension is installed, Please go to Admin for setting configurations & manage cancel order requests.

Here you can see Cancel Order Manager menu as shown below.

When you go to Configuration, you will see the settings of Module Enable/Disable & The Request Message which will be shown to the customers when they request for canceling order in front. Please see the below image.

When customers go to their my account dashboard page, there they can see a link - Cancel Order - of each order. When they click on it, the message you specify in configuration (Request Message), will be appeared there. Please see the below image.
