

## Shopping Mentor Magento 2

### About the Shopping Mentor

Shopping Mentor is a tool that will guide you at the time of making a purchase online. Any kind of purchase to be made online can be guided by our mentor. Our mentor will make your purchase precise and worthy depending on your requirements.

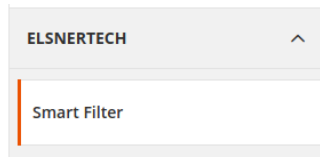

### Overview

This is the manual for the Magento 2 Shopping Mentor extension by Elsnertech. It will match the requirements and products very smartly. It analyzes the requirement from the user's perspective and goes through a variety of configurable algorithms which can help it to make strong and effective recommendations. This will give you quality products in less time.

## Configuring Extension

To enable the extension from the admin side panel go to:

**Stores → Configuration → Elsnertech → Smart Filter → Configuration → Smart Filter → Enable.**
