Extension Installation Guide

Magento 2

We recommend you to test the installation process on a demo environment first before deploying to your production environment.

Installation using composer:

Perform the below commands in the terminal to install the extension in your site:

```
# php bin/magento maintenance:enable
# php bin/magento cache:flush
# php bin/magento cache:disable
# composer require emipro/OfferZone
# php bin/magento setup:upgrade
# php bin/magento setup:static-content:deploy [languages] (eg: en_US
de_AT de_DE fi_FI sv_SE)
# php bin/magento cache:enable
# php bin/magento maintenance:disable
```

Installation using FTP:

Download the Latest Version

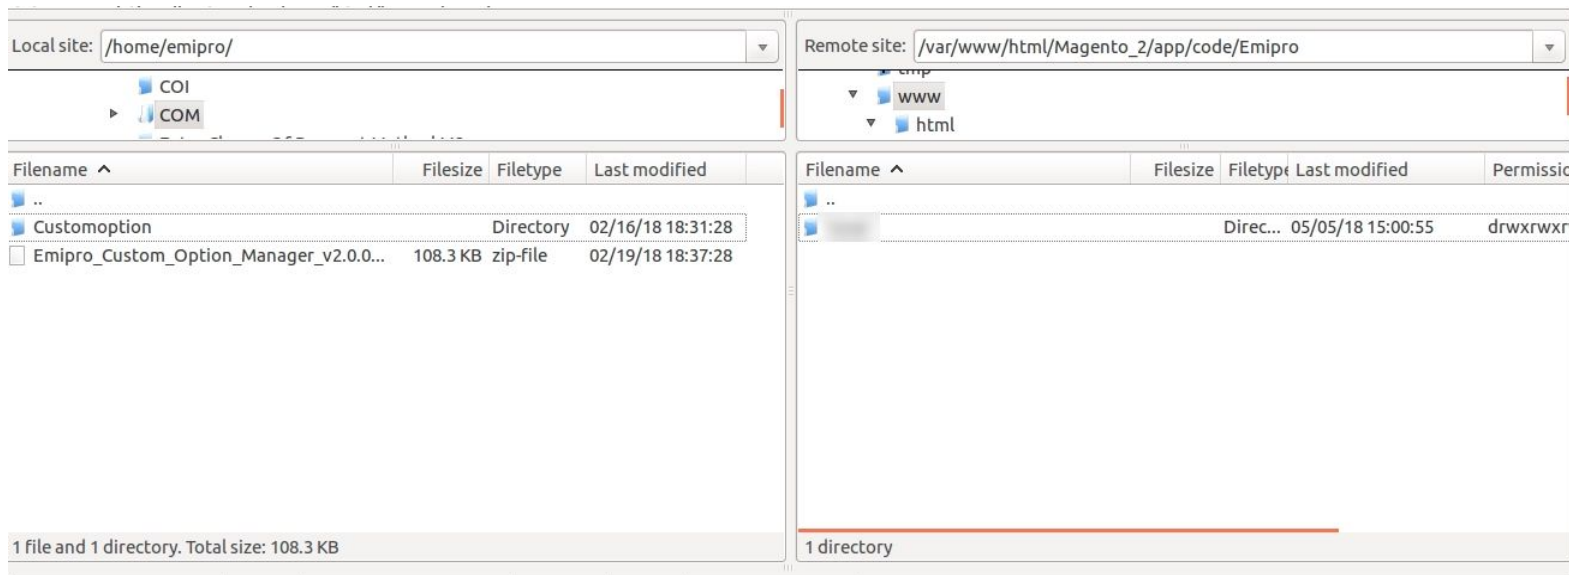

- Login into your account
- Download extension's latest version file

Pre-Installation Steps

- Backup your Magento web directory and database
- Enable the maintenance mode by this command:
php bin/magento maintenance:enable
- Flush the cache and then disable it by performing these commands:
php bin/magento cache:flush
php bin/magento cache:disable

Upload Extension

- Extract downloaded the zip file. It will extract the main folder.
- Go to the 'code' folder inside 'app' folder in your Magento installation directory and create a folder named 'Emipro'. So now the path would be *app/code/Emipro*.
- Now, place the extracted folder inside the 'Emipro' folder you have created. For ex., as per the below screenshot, place the 'OfferZone' folder inside the 'Emipro' folder. So now the extension path would be *app/code/Emipro/OfferZone*.

Post-Installation Steps

- Upgrade your Magento from SSH, run the command in Magento2 root directory:
php bin/magento setup:upgrade
- Deployment of static content: run this command in Magento2 root directory
php bin/magento setup:static-content:deploy [languages] (eg: en_US de_AT de_DE fi_FI sv_SE)
- Now enable the cache as it was before:
php bin/magento cache:enable
- Disable the maintenance mode:
php bin/magento maintenance:disable

Now Magento extension will work as per documentation. Enjoy it !!!

If you have any problem or question regarding your purchased Magento extension, feel free to contact us anytime.
