

Brand Extension Guide

Welcome to Brand Extension for Magento 2 developed by eTatvaSoft.

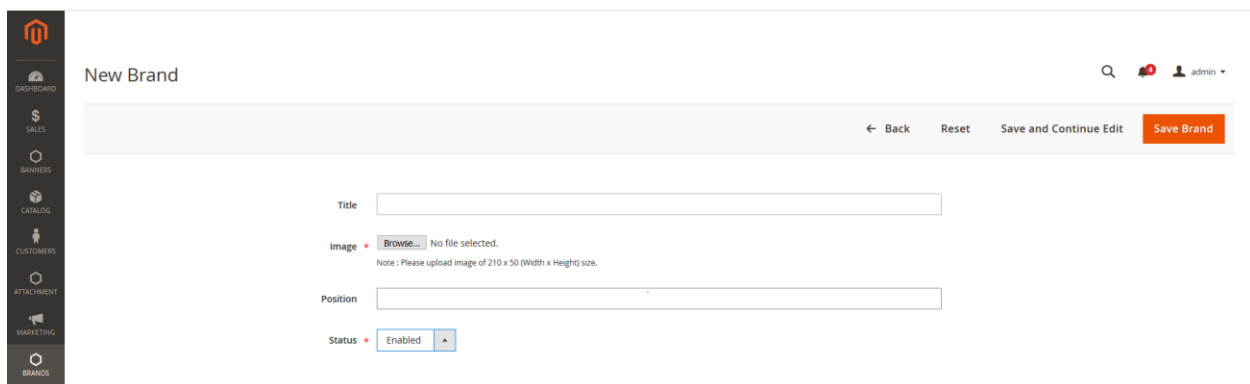

We have provided this guide to understand better use of the extension. We have tried to explain the basic functionality required by every Magento store.

This extension is used to display brands on your storefront. You can use it anywhere like the home page or any other pages so customers can view it.

Every below steps helps to show brands on your site

Step 1: Add new brand:

Go to [Magento 2 Admin] > Login > Brands > Manage Brands > Add New Brand

The screenshot shows the 'New Brand' form in the Magento 2 Admin interface. The form is located in the 'Brands' section of the sidebar. The form fields are:

- Title:** A text input field.
- Image:** A file upload field with a 'Browse...' button. Below it, a note says: 'Note : Please upload image of 210 x 50 (Width x Height) size.'
- Position:** A text input field.
- Status:** A dropdown menu currently set to 'Enabled'.

At the top right of the form, there are navigation buttons: 'Back', 'Reset', 'Save and Continue Edit', and 'Save Brand'.

Fill the form details to add a new brand:

- **Title:** Title of the brand
- **Image:** Brand Image / logo to display in slider of pages or block.
- **Position:** Position / Order to display brands on front. E.g. 0, 1, 2 ... It will be displayed in descending order.
- **Status:** Admin can set brand logo status as enabled or disabled according to requirements.

Step 2: Edit brand:

Go to [Magento 2 Admin] > Login > Brands > Manage Brands > Edit

In order to edit brand, choose the “edit” option in select dropdown of action column.

The screenshot shows the 'Brand 9' edit form. It includes a sidebar with navigation options like Dashboard, Sales, Banners, Catalog, Customers, Attachment, Marketing, and Brands. The main content area has a breadcrumb trail: Home > Brands > Brand 9. Below the breadcrumb are action buttons: Back, Delete Brand, Reset, Save and Continue Edit, and Save Brand. The form fields are: Title (Brand 9), Image (Browse... No file selected. Delete image), Position (10), and Status (Enabled).

Step 3: Manage brands:

Go to [Magento 2 Admin] > Login > Brands > Manage Brands

You can find all brands added here. Brands grid has details like Title, Image, Position, Status, Created Date and Updated Date of all brands of the website.

The screenshot shows the 'Manage Brands' grid. It includes a sidebar with navigation options like Dashboard, Sales, Banners, Catalog, Customers, Attachment, Marketing, and Brands. The main content area has a breadcrumb trail: Home > Brands > Manage Brands. Below the breadcrumb are action buttons: Add New Brand. A success message is displayed: 'Brand has been saved successfully.' Below the message is a search bar and a table with 9 records. The table has columns: ID, Title, Image, Position, Status, Created Date, Updated Date, and Action. The table shows 9 records, all with Status 'Enabled'.
