

# VIDEO GALLERY

---

## USER GUIDE

*Version 1.0.0*

Welcome to Video Gallery Extension for Magento 2 developed by eTatvaSoft.

We have provided this guide to understand better use of the extension. We have tried to explain the basic functionality required by every Magento store.

This extension is used to display videos on your storefront. You can use it anywhere like the home page or any other pages. It is a perfect marketing tool for your business that provides Video Gallery to your existing customers.

**Every below steps helps to show video gallery on your site**

## 1. HOW TO ADD NEW VIDEO DETAILS

Go to [Magento 2 Admin] > Login > Video Gallery > Add New Video

**General Information**

Video Title

Video Upload Method \*

Video Description

Position \*

Status \*

Position / Order to display videos on front. E.g. 0, 1, 2 ... It will be displayed in ascending order.

Fill the form details to add a new video:

- **Video Title:** Title of the video.
- **Video Upload Method:** Choose video upload method. Choose “From PC” if it is on your local computer / network. Choose “Youtube” if it is on YouTube.
- **From PC:** Browse the video from your local computer or network. Allowed video type: mp4
- **Youtube Code:** Add code from YouTube link. E.g. 'XXXXXXXXXXXX' from <https://www.youtube.com/watch?v=XXXXXXXXXXXX>
- **Video Description:** Description of the video.
- **Position:** Position / Order to display videos on front. E.g. 0, 1, 2 ... It will be displayed in ascending order.
- **Status:** Status can be set as enabled or disabled according to requirements.

## 2. HOW TO EDIT VIDEO DETAILS

Go to [Magento 2 Admin] > Login > Video Gallery > Edit

In order to edit video, choose the “edit” option in select dropdown of action column.

**General Information**

Video Title

7	Sample Video 7	SampleVideo_1280x720_1mb_3.mp4	7	Enabled	Jul 9, 2019 9:42:23 AM	Jul 9, 2019 9:42:23 AM	Select
8	Sample Video 8	Bfoyi_oLrDU	8	Enabled	Jul 9, 2019 9:42:23 AM	Jul 9, 2019 9:42:23 AM	Select

You can also filter them with different attributes like Status, Title, File Code, Created Date, Modified Date, Position etc...

Search by keyword

Filters Default View Columns

**ID** from  to

**Created** from  to

**Modified** from  to

**Title**

**File Code**

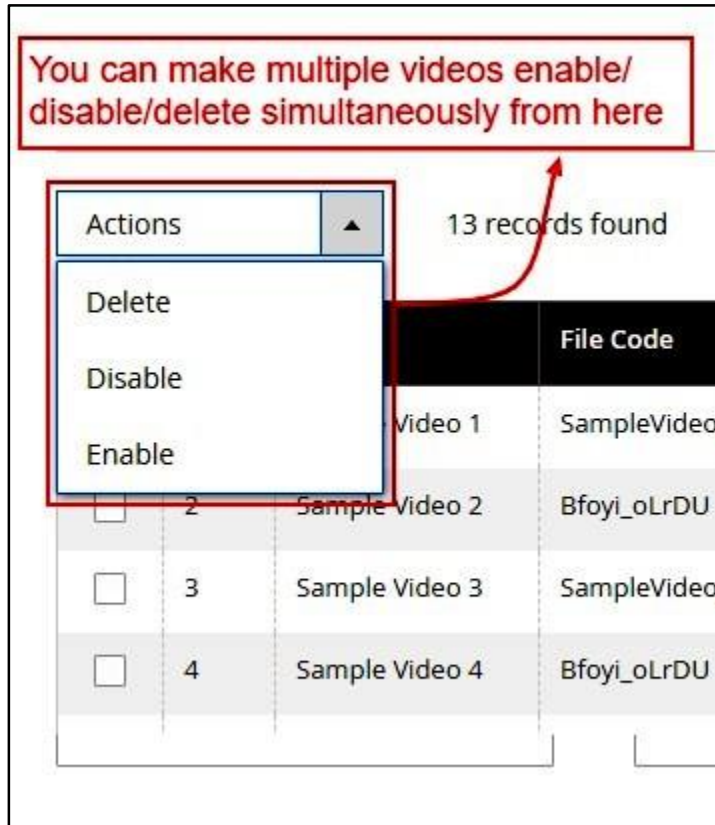

**Position**

**Status**

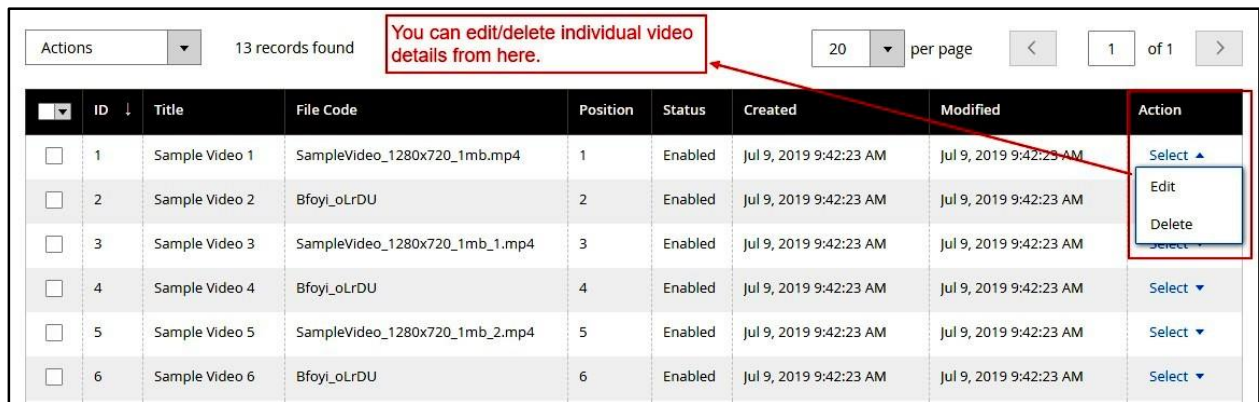

You can use different filters for the videos  
E.g. To find all enabled/disabled videos or  
video with given title etc...

Cancel

You can make multiple videos enable/disable/delete simultaneously by using the Action dropdown at top as shown in below screenshot.

You can edit / delete given video details by clicking on edit/delete option from Action column as shown in below screenshot.

## 4. HOW TO SET TITLE FOR VIDEO GALLERY

Go to [Magento 2 Admin] > Stores > Settings > Configuration > Etatvasoft Extensions > Video Gallery

The screenshot shows the 'General Settings' page for the 'Video Gallery' extension. On the left, a sidebar menu lists various settings categories: GENERAL, CATALOG, SECURITY, CUSTOMERS, SALES, ENGAGEMENT CLOUD, and ETATVASOFT EXTENSIONS. Under ETATVASOFT EXTENSIONS, the 'Video Gallery' option is selected. The main content area is titled 'General Settings' and features a text input field for 'Video Gallery Title [global]' with the value 'eTatvasoft Video Gallery'. Below the input field, a note states: 'This title will be displayed on the frontend.' A red arrow points from this note to a red-bordered box containing the instruction: 'Enter title here which you want to be displayed on frontend. Leave blank if you want to display without title.'

You can set video gallery title as per your requirement from here. This title will be displayed on the frontend.

Title is optional to set. If you want to add gallery on separate page then leave title as blank.

## 5. HOW TO ADD VIDEO GALLERY WIDGET FOR GIVEN CMS PAGE

Go to [Magento 2 Admin] > Login > Content > Elements > Pages > Add / Edit Page  
Open “Content” > Click on “Show / Hide Editor” button > Click on “Insert Widget”  
button

Choose Widget Type as “Video Gallery” > Click on “Insert Widget” button

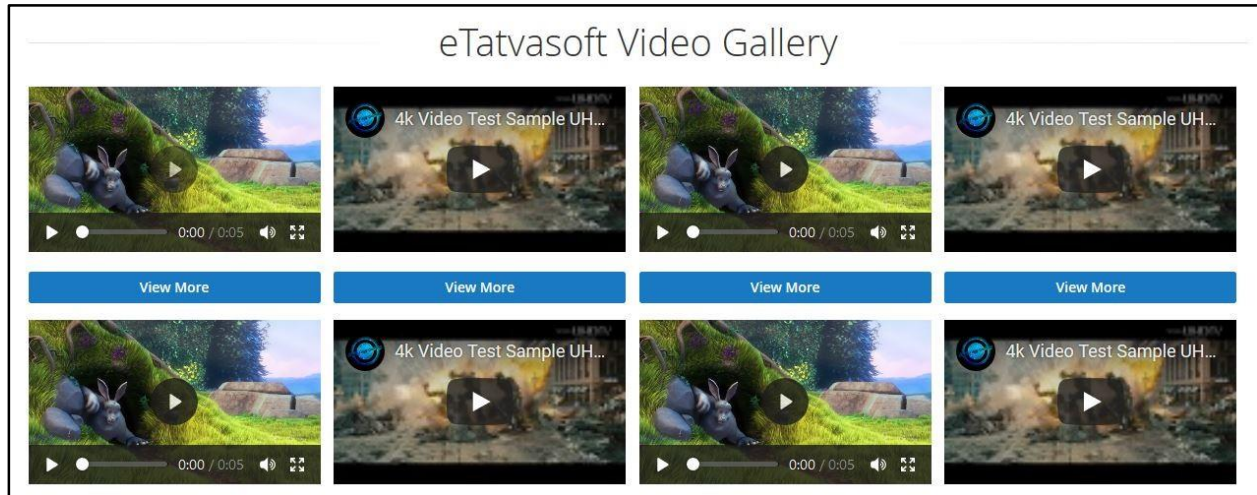

## 6. STORE FRONT VIEW

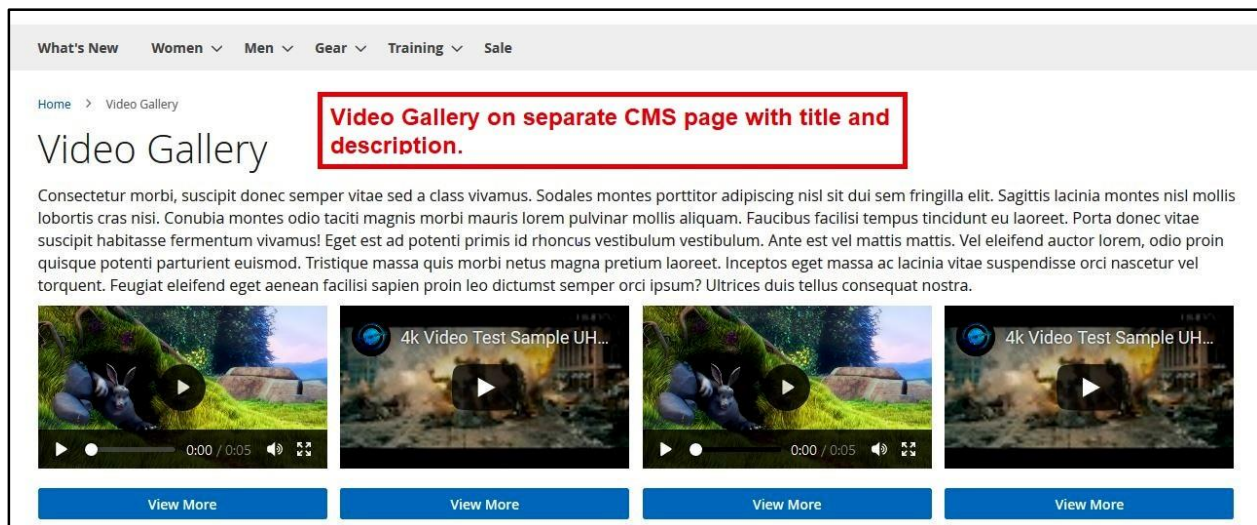

Clear cache from System > Tools > Cache Management if required.

Showing your video gallery like below on storefront.

## 7. VIDEO GALLERY ON SEPARATE CMS PAGE WITH TITLE AND DESCRIPTION

## 8. STORE FRONT VIEW OF VIDEO DETAILS

Clicking on “View More” button from above step will take user to detail page where user can find video in full width with title and description set from admin.
