

FME EXTENSIONS

EXTENSION FOR MAGENTO 2

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users -managers, supervisors, and others of **Out of Stock Notification** Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.

HOW TO ADD NEW SUBSCRIPTION

To add a new subscription, go to **FME EXTENSIONS > Out of Stock Notify**. Here all the subscription requests will appear. You can create a new one by clicking on the **Add New Subscription** button placed at the right top. After clicking the button, a form will appear on the screen, there will be some fields which you will be unable to edit as they will intake system-defined values. You will have to provide data into the rest of the fields, which include:

Manage Notifications							
Store	Product Name	First Name	Last Name	Email	Subscribe Time	Notify Status	Action
Default Store View	Joust Duffle Bag	Taimoor	Ahmed	taimoor.ahmed@unitedsol.net	Mar 11, 2020 7:51:50 AM	Yes	Select ▾
All Store Views	Sprite Stasis Ball 55 cm			taimoor.ahmed@unitedsol.net	Mar 19, 2020 12:40:00 PM	Yes	Select ▾

- **Change Notify Status:** Options to change notifications' status i.e. either to send alerts to customer or not
- **Store:** Option to set the store view
- **Product SKU:** Enter the SKU of the product
- **Email:** Enter the email address for the subscription
- **Date Subscribed:** Enter the date of subscription
