FME EXTENSIONS

CUSTOM POPUP PRO

EXTENSION FOR MAGENTO 2

USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of **Custom Popup Pro** Extension for Magento 2. A step by step instruction has been added to this document to help users to install the extension on Magento 2.

This extension will only work on Magento 2. As a safe practice always backup your files and database before installing any extension on Magento. If you are looking for someone to install the extension, we can do it for you as well. Just go to the following link and let support know the order id to expedite the installation process.

Once you have installed please see the User Guide to help you understand how to use the extension to its full capacity. If you still have questions, feel free to contact us on our website.

TABLE OF CONTENTS

USER GUIDE

After installation of the extension, make sure the setup is upgraded and static-contents are deployed. Login to the admin panel and flush your Magento cache storage.

HOW TO CONFIGURE THE EXTENSION

At the back end, go to **FME Extensions > Configurations**. Here you will find the following settings:

MODULE SETTINGS

- **Extension Enable:** Choose '**Yes**' or '**No**' to Enable or Disable the Extension
HOW TO MANAGE CUSTOM POPUP

At the back end, go to **FME Extensions > Manage Popup.** Here you will find all the previously created custom popups in a grid. You can **Edit** any one or click on the **Add New Popup** button to proceed.

Here you will have to provide the following information:

GENERAL FORM

- **Popup Enable:** Option to Enable or Disable the popup on the frontend

- **Popup Name:** Enter a name/title for the popup

- **Priority:** Enter priority for the popup. High value has highest priority

- **Store View:** Choose the store views on which you want to enable the popup

- **Trigger Popup on Event:** Option to set a trigger event for displaying the popup:

    o **Once the Page is Loaded**

    o **X Seconds After the Page is Loaded**

    o **Once the Page is Scrolled By X%**

    o **Once Cursor is Moved Outside the Page**

- **X value in Event:** Enter the time here (**in seconds**) for the popup to appear

- **Popup Effects:** Choose from the following popup effects:

    o **Fade Zoom**

    o **Fade Slide**

    o **Newspaper**

    o **Horizontal Move**

- o Move From Top

- o 3D Unfold

- o Zoom Out

- **Position:** Choose the popup position on the screen:

  - o Top Left

  - o Top Center

  - o Top Right

  - o Middle Left

  - o Middle Center

  - o Middle Right

  - o Bottom Left

  - o Bottom Center

  - o Bottom Right
