

Order Number Customiser (Magento 2)

Note: These instructions apply to installing an extension downloaded from Magento Marketplace only. If you downloaded the extension from the Fooman website, follow [these installation instructions](#) instead.

1. Download the extension through the [Magento Marketplace](#). Once complete, the extension will show in your account under My Purchases.

The screenshot shows the 'My Purchases' section of the Magento Marketplace. At the top, there is a navigation bar with 'EXTENSIONS' and 'THEMES' tabs, a search icon, a shopping cart icon, and the user name 'FOOMAN'. Below this, the page title is 'My Purchases' with a link to 'Back to My Account'. There are three tabs: 'Extensions' (selected), 'Themes', and 'Packages'. Below the tabs, there are filters for 'All Platforms' and 'All Editions'. Two extension cards are displayed:

- Extension 1:** 'Same Order Invoice Number'. It has a blue background with the Fooman logo and 'M2' badge. The title is 'INVOICE = ORDER NUMBER'. Below the card, it says 'Magento 2' and 'Same Order Invoice Number'. There is a 'Choose version' dropdown menu with '2.0.3' selected and a 'Download' button.
- Extension 2:** 'Order Manager'. It has a green background with the Fooman logo and 'M2' badge. The title is 'ORDER MANAGER'. Below the card, it says 'Magento 2' and 'Order Manager'. There is a 'Choose version' dropdown menu with '2.0.2' selected and a 'Download' button.

2. Create access keys in your Marketplace account (if you haven't done so already):

The screenshot shows the 'My Access Keys' page in the Magento Marketplace. On the left, the 'My Account' section has a sub-menu where 'My Access Keys' is highlighted with a red box. The main content area is titled 'My Access Keys' and contains a table with the following structure:

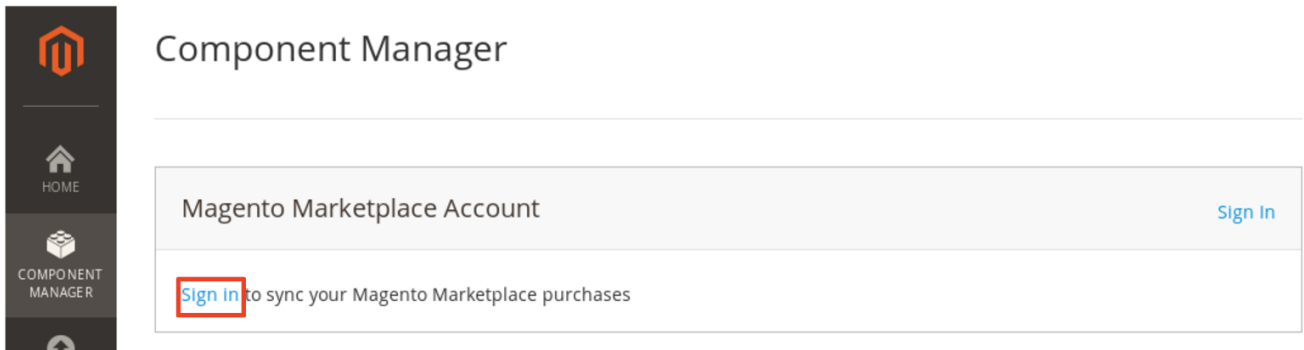

Name	Access Keys
Demo	<p>Public Key: <input type="text"/></p> <p>Private Key: <input type="text"/></p>

3. In your Magento store, head to System > Web Setup Wizard

The screenshot shows the 'Tools' menu in a Magento store. The left sidebar has three categories: 'STORES', 'SYSTEM', and 'FIND PARTNERS & EXTENSIONS'. The 'SYSTEM' category is selected, and the 'Web Setup Wizard' option is highlighted with a red box.

4. Choose the Component Manager and then hit "Sign In" (if not done prior) using the

Access Keys created for your Marketplace account.
