

Print Order Pdf (Magento 2)

Note: These instructions apply to installing an extension downloaded from Magento Marketplace only. If you downloaded the extension from the Fooman website, follow [these installation instructions](#) instead.

1. Download the extension through the [Magento Marketplace](#). Once complete, the extension will show in your account under My Purchases.

The screenshot shows the 'My Purchases' page on the Magento Marketplace. The page header includes the 'Magento Marketplace' logo, navigation links for 'EXTENSIONS' and 'THEMES', a search icon, a shopping cart icon, and a user profile dropdown labeled 'FOOMAN'. Below the header, there is a link to '< Back to My Account' and the main heading 'My Purchases'. A tabbed interface shows 'Extensions' as the active tab, with 'Themes' and 'Packages' as other options. Below the tabs, there are filters for 'All Platforms' and 'All Editions'. Two extension cards are displayed:

- Invoice = Order Number:** A blue card with the Fooman logo and 'M2' badge. Below the card, it says 'Magento 2' and 'Same Order Invoice Number'. A 'Choose version' dropdown is set to '2.0.3', and a 'Download' button is at the bottom.
- Order Manager:** A green card with the Fooman logo and 'M2' badge. Below the card, it says 'Magento 2' and 'Order Manager'. A 'Choose version' dropdown is set to '2.0.2', and a 'Download' button is at the bottom.

2. Create access keys in your Marketplace account (if you haven't done so already):

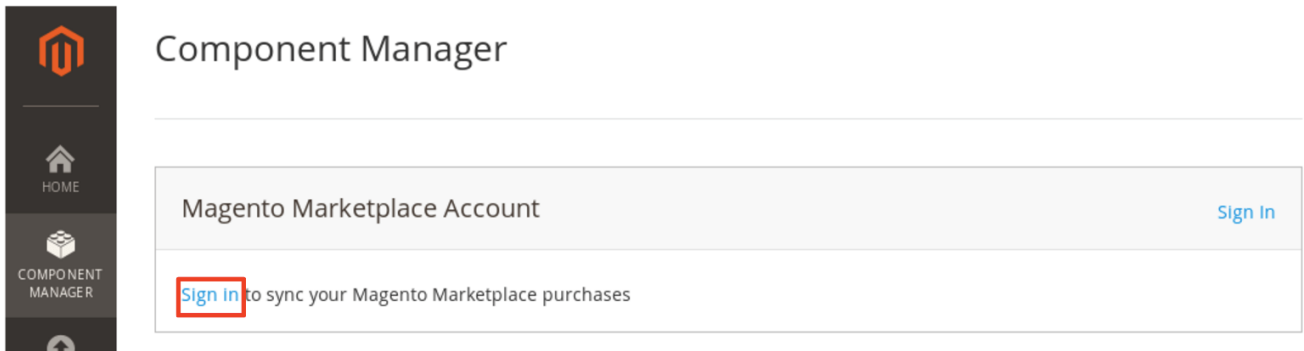

The screenshot shows the 'My Access Keys' page in the Magento Marketplace. On the left, the 'My Account' section has a sidebar with 'My Access Keys' highlighted in a red box. The main content area is titled 'My Access Keys' and contains a table with one entry named 'Demo'. The 'Public Key' and 'Private Key' fields for this entry are highlighted with red boxes.

3. In your Magento store, head to System > Web Setup Wizard

The screenshot shows the 'Tools' menu in a Magento store. The menu items are 'Cache Management', 'Backups', 'Index Management', and 'Web Setup Wizard'. The 'Web Setup Wizard' option is highlighted with a red box.

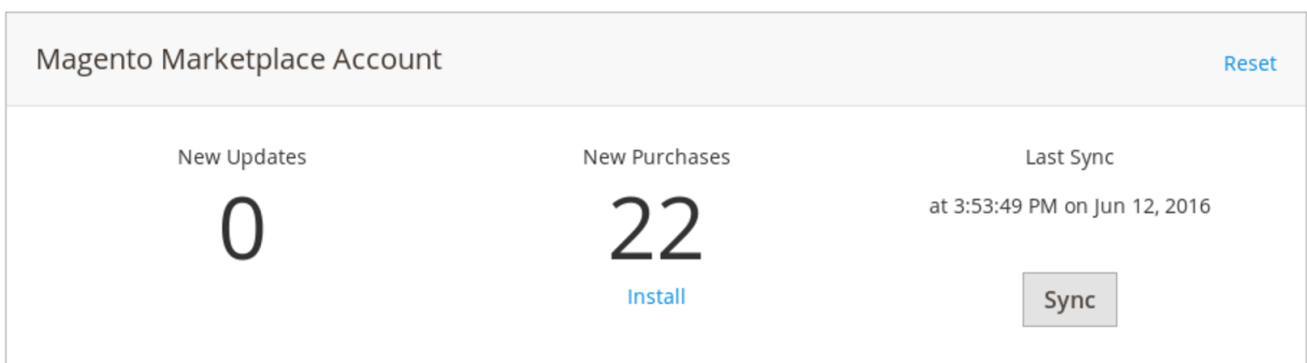

4. Choose the Component Manager and then hit "Sign In" (if not done prior) using the

Access Keys created for your Marketplace account.

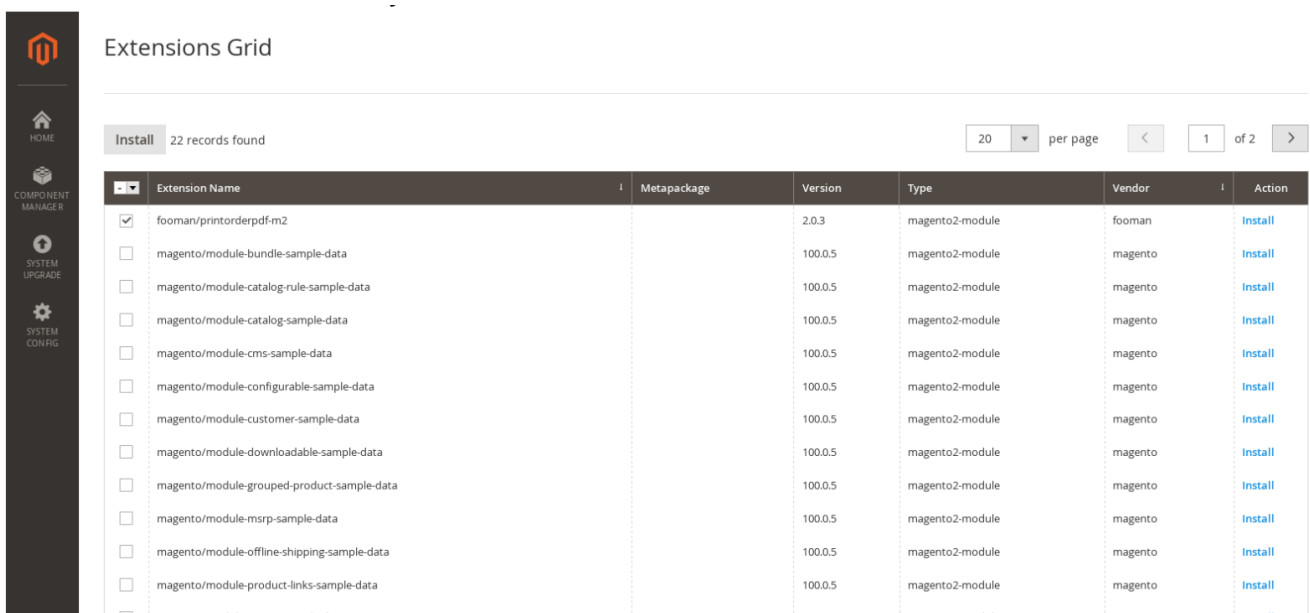

The screenshot shows the 'Component Manager' interface. On the left is a vertical sidebar with icons for 'HOME' and 'COMPONENT MANAGER'. The main content area is titled 'Component Manager' and contains a section for 'Magento Marketplace Account'. This section has a 'Sign In' link on the right and a message: 'Sign In to sync your Magento Marketplace purchases', where the 'Sign In' text is highlighted with a red box.

5. Use the Sync button if the last Sync was performed before the purchase of the extension. Next click “Install”.

The screenshot displays the 'Magento Marketplace Account' dashboard. It features three main statistics: 'New Updates' with a value of 0, 'New Purchases' with a value of 22 and an 'Install' link below it, and 'Last Sync' at 3:53:49 PM on Jun 12, 2016. A 'Sync' button is located below the last sync information. A 'Reset' link is visible in the top right corner.

6. Select the extension/s you want to install and hit the Install button.

The screenshot shows the 'Extensions Grid' interface. At the top left, there is a sidebar with icons for 'HOME', 'COMPONENT MANAGER', 'SYSTEM UPGRADE', and 'SYSTEM CONFIG'. The main area is titled 'Extensions Grid' and shows a list of 22 records found. A table lists various extensions with columns for Extension Name, Metapackage, Version, Type, Vendor, and Action. The first row is selected, and the 'Install' button is visible in the top left of the table area.

<input type="checkbox"/>	Extension Name	Metapackage	Version	Type	Vendor	Action
<input checked="" type="checkbox"/>	fooman/printorderpdf-m2		2.0.3	magento2-module	fooman	Install
<input type="checkbox"/>	magento/module-bundle-sample-data		100.0.5	magento2-module	magento	Install
<input type="checkbox"/>	magento/module-catalog-rule-sample-data		100.0.5	magento2-module	magento	Install
<input type="checkbox"/>	magento/module-catalog-sample-data		100.0.5	magento2-module	magento	Install
<input type="checkbox"/>	magento/module-cms-sample-data		100.0.5	magento2-module	magento	Install
