

Installation manual for Gift Wrap Extension for Magento 1

Overview

When a customer adds a product in shopping cart, it allows the customer to choose Gift Wrap option. Once the customer selects the Gift wrap option, the system displays various images of gift wrap to choose along with Gift message, like "Happy birthday to Joe". The order information includes this Gift message as well.

Installation Steps for Gift Wrapper in Shopping Cart Page

1. Extract the files inside Magento Installation Root

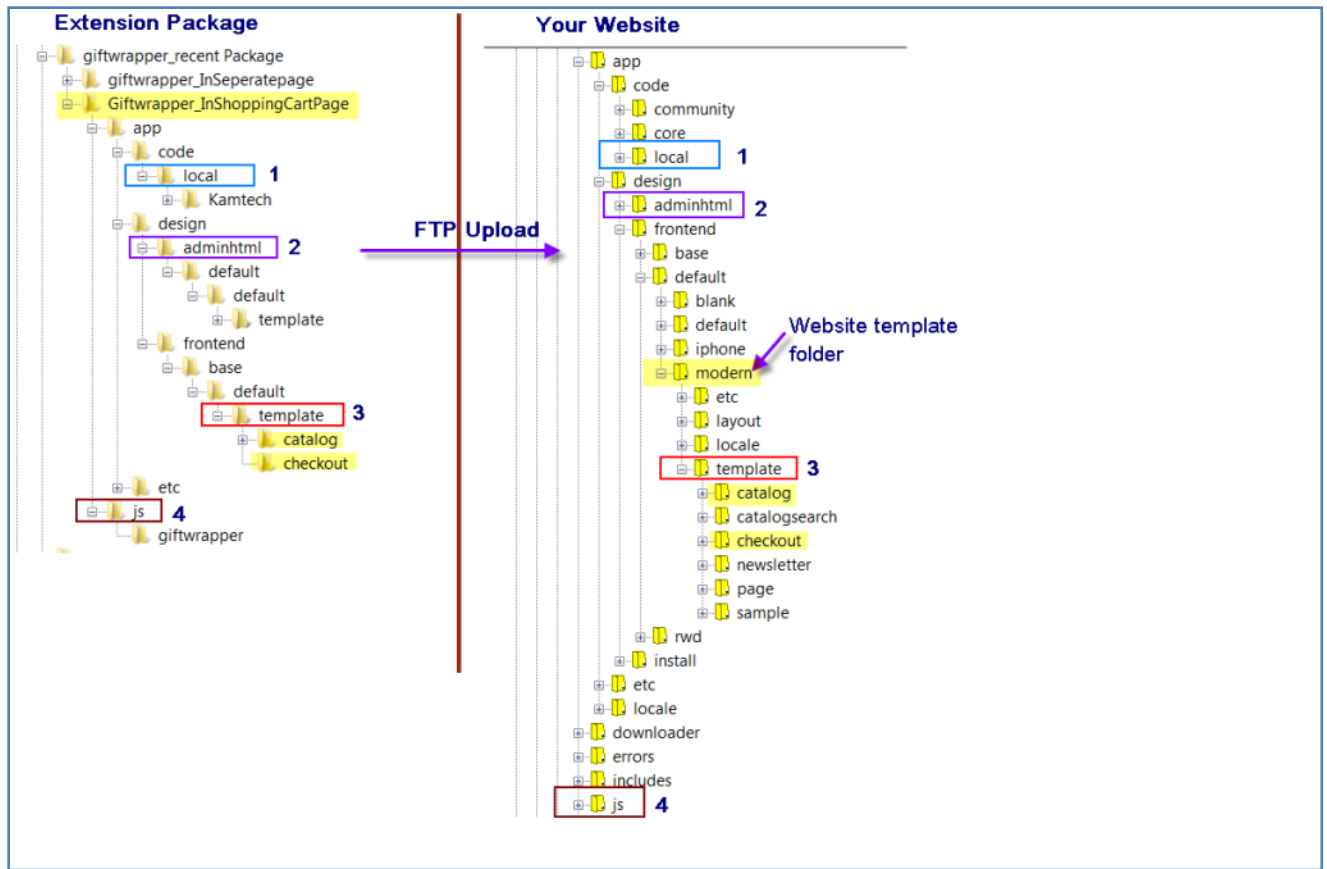

Magento_App_Root folder is same as your Magento Installation directory

2. Folder structure for default theme

Magento_App_Root/app/design/frontend/base/<default>/template Where <default> folder is based on default theme. If you are using theme in your website, please copy the template folder into your specific theme folder.

Example:

Magento_App_Root/app/design/frontend/default/*modern*/template/catalog/product where "*modern*" is website theme/template.

Steps to be followed in admin panel

Step 1: Add Products and Assign under **Giftwrapper Category**. These products are like Gift wrap options. Example: Green Gift Wrap. These options are displayed in Shopping cart page.

Admin Panel ->Catalog -> Manage Products -> Add Product (Screen 1)

Note: Choose attribute set as "default" while adding a new product.

Choose Store View:
Default Values

Description

Step 2: Add a new Static block for Gift Wrapper

Admin Panel -> CMS -> Static blocks -> Add New block

Page Title: **Choose Gift Wrapper**

Self URL: giftwrap

Status: Enabled

Content:

```
{{block type="catalog/product_list" category_id="3" columnCount="5"
template="catalog/product/choosegiftwrapper.phtml"}}
```

Please replace your category id which you had noted from Screen 2 **Gift wrapper Category id**
If magento version is 1.9.2.x or later, Please follow the below the steps to add permissions

Add a new Static block for Gift Wrapper
Admin Panel -> CMS -> Static blocks -> Add New block

Page Title: Choose Gift Wrapper
Self URL: giftwrap
Status: Enabled

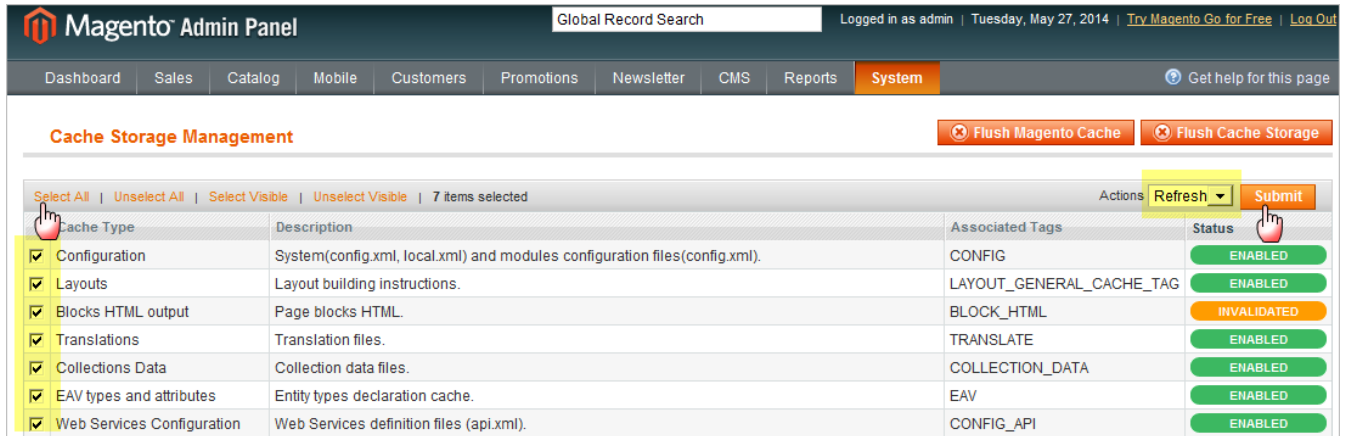

Content:
{{block type="catalog/product_list" category_id="3" block_name="catalog/product_list"
template="catalog/product/choosegiftwrapper.phtml"}}

Please replace your category id which you had noted from Screen 2 Gift wrapper Category id
Then,

Admin >> System >> Permissions >> Blocks >> Click on Add New Block Button
after that in Block Name filed add your block name = catalog/product_list
and set Is Allowed = Yes click on save block button

Step 3: Finally, Refresh the Cache in Cache Management in admin panel.

Admin Panel -> System -> Cache Management

The screenshot shows the 'Cache Storage Management' page in the Magento Admin Panel. At the top, there are navigation tabs for Dashboard, Sales, Catalog, Mobile, Customers, Promotions, Newsletter, CMS, Reports, and System. Below the tabs, there are two buttons: 'Flush Magento Cache' and 'Flush Cache Storage'. The main content area features a table with the following columns: Cache Type, Description, Associated Tags, and Status. The table contains seven rows, each with a checkbox in the first column. The 'Blocks HTML output' row is highlighted in yellow, and its status is 'INVALIDATED'. The 'Refresh' button in the Actions column is also highlighted in yellow.

Cache Type	Description	Associated Tags	Status	
<input checked="" type="checkbox"/>	Configuration	System(config.xml, local.xml) and modules configuration files(config.xml).	CONFIG	ENABLED
<input checked="" type="checkbox"/>	Layouts	Layout building instructions.	LAYOUT_GENERAL_CACHE_TAG	ENABLED
<input checked="" type="checkbox"/>	Blocks HTML output	Page blocks HTML.	BLOCK_HTML	INVALIDATED
<input checked="" type="checkbox"/>	Translations	Translation files.	TRANSLATE	ENABLED
<input checked="" type="checkbox"/>	Collections Data	Collection data files.	COLLECTION_DATA	ENABLED
<input checked="" type="checkbox"/>	EAV types and attributes	Entity types declaration cache.	EAV	ENABLED
<input checked="" type="checkbox"/>	Web Services Configuration	Web Services definition files (api.xml).	CONFIG_API	ENABLED

Step 4: Test Giftwrap Options in Cart Page

Open your Website -> Select a product -> Add to Cart -> View Shopping Cart page

Test gift wrap feature as described below:

Shopping Cart [Proceed to Checkout](#)

✔ Nokia N81 was added to your shopping cart.

	Product Name		Unit Price	Qty	Subtotal	
	Nokia N81	Edit	\$99.00	<input type="text" value="2"/>	\$198.00

Step 4 [Proceed to Checkout](#)

How to disable Gift wrap options in cart page

Admin Panel -> CMS -> Static blocks -> Choose Gift Wrapper

Set Status: Disabled

Refresh Magento cache as described in Step 3

Steps to Uninstall the Gift Wrapper Extension

Please follow the instructions below to uninstall Gift Wrapper Extension and remove from your website.

Step 1: Go to the location `app/etc/modules/Globalecom_Giftwrapper.xml`.

Find the line of code `true`

and change it to `false`

Refresh the Cache in admin panel->System->Cache Management

Step 2: Remove the file `choosegiftwrapper.phtml` in the following location.

`app/design/frontend/base/default/template/catalog/product/`

Similarly roll back `cart.phtml`, `success.phtml` files in the following

locations **`app/design/frontend/base/default/template/checkout`**

This path may vary as per the website theme/template used.

If there is Theme template folder then please follow this location

`app/design/frontend/default/(Your Theme Folder)/template/catalog/product`

Step 3: Please disable or delete the Choose Gift Wrapper CMS Page or Choose Gift Wrapper Static Block in your admin panel.
