

HYPERSPACE EBOOK

USER GUIDE

After successful installation of extension no admin configuration is needed. **It should work out of box for all downloadable links of PDFs** in logged user tab at frontend of your store. For tests please prepare unencrypted **PDF file version 1.4** or older (for example in free app LibreOffice) and create test product with Downloadable links. Below we present example screenshots with next steps needed to perform LiveTests on your server with Magento Store.

- 1) **Select checkbox** of downloadable link and **add product to cart**:

A screenshot of a Magento product page. The breadcrumb trail at the top reads: Home → Magento Extensions → Hyperspace Ebook - Magento Extension Demo LiveTest. The main heading is 'Hyperspace Ebook - Magento Extension Demo LiveTest'. Below the heading, there is a description: 'This is downloadable sample PDF eBook product uploaded to test our Hyperspace eBook Magento Extension. See product description below.' The availability is 'In stock'. A 'Share' button is visible. The product image shows a PDF icon and a red Adobe logo. Below the image, there is a 'Links' section with a checked checkbox for 'Download eBook'. At the bottom, there is an 'Add to Cart' button and a quantity selector set to '1'. A red asterisk indicates required fields.
