

Installation Instructions

To install the extension follow the instructions below:

1. Backup your web directory and store database
2. Download Advanced Admin Products Manager installation package
3. Upload contents of the Advanced Admin Products Manager installation package to your store directory:

```
/app/code/Iksanika/
```

4. In SSH console of your server navigate to your store root directory:

```
cd path_to_the_magento_root_directory
```

run:

```
php -f bin/magento module:enable Iksanika_Productmanage
```

then:

```
php -f bin/magento setup:upgrade
```

5. Flush store cache; log out from the backend and log in again
