

UPS Access Point Navigator for Magento 2.x

UPS Access Point Navigator allows customers to select UPS Access Point for delivery.

It works with standard Magento® checkout, or with one of onepage checkout extensions (like IWD Onepagecheckout, FireCheckout, etc.).

UPS Access Point Navigator based on UPS Locator API and UPS Locator plugin.

You can use Access Point Navigator separately (with default Magento® UPS module) or together with **UPS Shipping Manager Pro**, starting from 7.0 version.

The extension allows:

- Select between
 - Hold for Pickup at UPS Access Point and
 - UPS Access Point Delivery;
- Create for Access Point your own Shipping Methods as many as you want;
- Time-in-Transit – display the number of transit days for delivery by selected UPS service;
- Use your Negotiated rates;
- Enable Duty and Taxes;
- Assign for these shipping methods:
 - UPS Service,
 - Price (static or UPS price),
 - Allowed countries;
- Fully supports all features of UPS Shipping Manager Pro;

System Requirements :

- CURL: no less than 7.19.7
- PHP: no less than 5.5
- OpenSSI: version no less than 1.0.1.
- Protocol TLSv1.2

License :

Single Domain License: you can use this extension only on one domain, ie. on one Magento installation.

Configuration of the UPS Access Point Navigator

Go to: Stores -> Configuration -> left menu column -> Sales -> Shipping Methods and open Access Point tab :
Open:

UPS Access Point on a Front Side

You can use Access Point Navigator in standard Magento® checkout, or with one of onepage checkout extensions (like IWD Onepagecheckout, FireCheckout, etc.).
 For registered customers Access Point will be visible in checkout as separate shipping method(s).
 If Customer is guest, Access Point shipping method(s) become visible after Customer fill his address.
 In the standard Magento® checkout:

The screenshot shows the LUMA checkout interface. At the top, there is a search bar and a shopping cart icon with a '3' badge. Below the logo, a progress bar indicates the current step is 'Shipping' (marked with a checkmark) and the next step is 'Review & Payments' (marked with '2').

The 'Shipping Address' section displays three address options:

- Selected Address (highlighted with a red border and checkmark):** George Gerasimyak, 50 University Ave Ste 260, New York, New York 10101, United States, 380503360822.
- Address 2:** George Gerasimyak, Via Albalonga, 40, Roma, Roma 00183, Italy, 6387563545. Includes a 'Ship Here' button.
- Address 3:** George Gerasimyak, 106 Purley Downs Rd., South Croydon, London CR2, ORB, United Kingdom, 8509689486. Includes a 'Ship Here' button.

A '+ New Address' button is located below the address list.

The 'Order Summary' box on the right shows '1 Item in Cart'.

The 'Shipping Methods' section lists two options:

- \$60.51 UPS Standart US (5 day(s)) UPS Access Point
- \$73.99 UPS Express US (1 day(s)) UPS Access Point

A blue 'Next' button is positioned at the bottom right of the shipping methods section.
