

### 1. System Requirements

- Magento 2.0.x, 2.1.x, 2.2.x
- PHP 5.6+

### 2. Installation

- Make sure a folder "app/code/Maexcomua/Bulkpriceupdate" exists in the root of your Magento installation.
- Extract the contents of "Maexcomua-Bulkpriceupdate-1.0.0.zip" to the "app/code/Maexcomua/Bulkpriceupdate" folder.
- Upgrade Magento setup from console, under the root of your Magento installation:

```
php bin/magento setup:upgrade
```
