Installation

 Before installing the extension, please make sure to **Backup your web directory and store database**

- Unzip the extension package file into the root folder of your Magento 2 installation.
- Connect to SSH console of your server:
 - Navigate to the root folder of your Magento 2 setup
 - Run command as per below sequence,

```
php -f bin/magento setup:upgrade
```

```
php -f bin/magento module:enable Magedelight_PaymentRestriction
```

```
php -f bin/magento setup:static-content:deploy
```

- Flush store cache
- log out from the backend and log in again

License Configuration

 License activation is not required for extension purchased from Magento Marketplace.

After successful installation of Payment Restrictions for Magento 2 extension, you are now required to configure the license key in the admin configuration section. You can set it from:

Step 1: Go to, Admin Control Panel > Stores > Configuration > Magedelight > Payment Restriction > License Configuration.

You will find two text boxes asking for Serial Key and Activation Key, which you received on email upon the purchase of extension. See screenshot below:

License Configuration

Serial Key
[store view]

Activation Key
[store view]

- **Serial Key:** Enter Serial Key
- **Activation Key:** Enter Activation Key

Step 2: Expand “General Configuration” tab, you will find a list of domains for which license is purchased and configured, now select the domain you are going to use, you can select multiple domains by clicking “Ctrl + Select”.

General Configuration

Select Website
[website]

Please save serial and activation keys to get the available options.

Step 3: Now, select “Yes” from “Enable Module” to enable extension and again click on “Save Config” button on the top right.

General Settings

Enable Module
[store view]

Backend Configuration (Admin side)

View and manage list of payment rules in a grid. From here you can add/edit and delete the rule.

Payment Restriction Rules
