**Installation Guide.....3**

## Installation

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually Install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended) Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory If code directory does not exists then create.

**Step 3:** Disable the cache under System -> Cache Management.

**Step 4:** Enter the following at the command line:php bin/magento setup:upgrade

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores ->Configuration->Mageants->Advance Review, the module will be displayed in the admin panel.

**Option 2:** Magento 2 install extension manually

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

**Step 3:** Disable the cache under System -> Cache Management Edit app/etc/config.php file and add one line code:

```
'Mageants_AdvanceReview' => 1,
```

**Step 4:** Disable the cache under System -> Cache Management

**Step 5:** Once you complete above steps log out and log in back to the admin

**Thank you!**
