## Installation

There are two ways of installing extension in magento2.

- Using COMMAND LINE.
- Manually Install extension.

### **Option 1: Magento 2 install extension using COMMAND LINE** (Recommended)

Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exist then create.

**Step 3:** Disable the cache under **System -> Cache Management**.

**Step 4:** Enter the following at the command line: **php bin/magento setup:upgrade**

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to **-> Configuration -> Mageants -> WholesaleFastOrder**, the module will be displayed in the admin panel.

## **Option 2: Magento 2 install extension manually**

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exist then create.

**Step 3:** Disable the cache under System -> Cache Management. Edit `app/etc/config.php` file and add one line code:  
**'Mageants\_WholesaleFastOrder' => 1**

**Step 4:** Disable the cache under **System -> Cache Management**

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to **Stores -> Configuration -> Mageants -> WholesaleFastOrder**, the module will be displayed in the admin panel.

## **Thank you!**
