### Introduction

This extension improves customer support to check their shipping facility, the availability of cash on delivery, pickup from the store is available or not and free shipping availability using ZIP Code directly on the product page.

#### Full features list

- It finds service availability using ZIP Code.
- This module gives relaxation for customize Success/Failure message of service availability.
- Enable/Disable delivery availability at product level also.

### Installation

- Backup your web directory and store database
- Download extension installation package
- Disable Magento Cache run command "**php bin/magento cache:disable**" using SSH from your magento root directory
- Upload the contents of the extension installation package to your "**app/code/MageArray/CheckDelivery**", directory
- Then run commands "**php bin/magento setup:upgrade**" using SSH from your magento root directory
- Enable Magento Cache run command "**php bin/magento cache:enable**" using SSH from your magento root directory

### Usage

#### Admin

##### Check Delivery Configuration

To configure the Check Delivery Extension for Magento, navigate to **Stores >> Settings >> Configuration >> MageArray Extensions >> Check Delivery postcode**

The screenshot shows the Magento Admin Configuration interface. At the top, the word "Configuration" is displayed on the left, and search, notification (3), and user (admin) icons are on the right. Below this is a "Store View" dropdown set to "Default Config" and a "Save Config" button. A left sidebar contains a menu with categories: GENERAL, CATALOG, MageArray Extensions (expanded), Check Delivery (selected), CUSTOMERS, SALES, DOTMAILER, SERVICES, and ADVANCED. The main content area is titled "Check delivery postcode" and contains the following settings:

- Enabled** [store view]: Yes
- Postcodes** [store view]: 360003, 360040, 360545, 361110, 362001, 362140, 362152, 362220, 362222, 362228, 362246, 362257, 362726, 363655, 364210, 364215
- Comma-separated
- Success message** [store view]: Delivery Available
- Error message** [store view]: Item not available at this location, please try another

### General Settings

- **Enabled** - Activate or Deactivate the Extension (by default it's deactivate).
- **Postcodes** - Add available postcodes by comma separated.
- **Success Message** - Add message for availability of products on given postal code.
- **Error Message** - Add message for unavailability of products on given postal code.

### Front-End

Check Delivery Availability at Product Page

You can check availability of product by checking with postal code.

Product With Availability Message

The screenshot displays the LUMA website's product page for the 'Breathe-Easy Tank'. The page layout includes a navigation bar with categories like 'What's New', 'Women', 'Men', 'Gear', 'Training', and 'Sale'. The product is shown with a main image of a woman wearing the tank top and a smaller thumbnail image below it. The product details section includes the title 'Breathe-Easy Tank', a price of '\$34.00', and a status of 'IN STOCK'. Below the price, there are options for size (XS, S, M, L, XL) and color (pink, white, yellow). A quantity selector is set to '1', and there is an 'Add to Cart' button. At the bottom of the product details, there are links for 'ADD TO WISH LIST', 'ADD TO COMPARE', and 'EMAIL'. The 'Check Delivery' section features a 'Postcode' input field with the value '364215' and a 'Check' button. A green message box indicates 'Delivery Available'.
