# Featured Products Extension By MageBees

---

## HOW TO INSTALL?

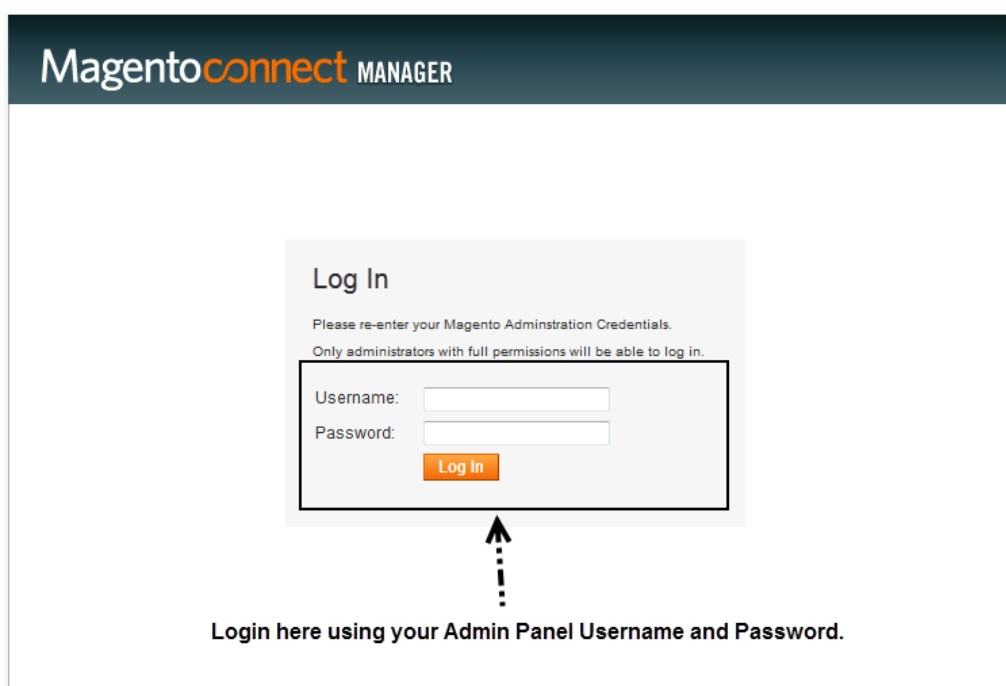

### Pre-installation:

- ⇒ Login to admin → System → Cache Management and **disable** all types of cache.
- ⇒ Go to System → Tools → Compilation and "**Compilation Status**" must be "**Disabled**".

### Using Magento Connect:

#### Step-1

- ⇒ Go to admin → System → Magento Connect → Magento Connect Manager.
- ⇒ You will get following screen. Enter your Username and Password here then, click on the login.

# Featured Products Extension By MageBees

## Step-2

- ⇒ You will get following screen. Select the package using **Browse** button and click on the **Upload** Button.

The screenshot shows the Magento Connect Manager interface. At the top, there's a header with 'Magentoconnect MANAGER' and navigation links for 'Return to Admin' and 'Log Out'. Below the header, there are tabs for 'Extensions' and 'Settings'. The 'Settings' tab is active, showing a 'Put store on the maintenance mode while installing/upgrading' checkbox. Under 'Install New Extensions', there are two numbered steps: 1. Search for modules via [Magento Connect](#). 2. Paste extension key to install: [input field] [Install]. Below this, a section titled 'Direct package file upload' contains two numbered steps: 1. Download or build package file. 2. Upload package file: [Browse...] No file selected. [Upload]. A dashed arrow points from the text 'Select Extension Package & Click on Upload button' to the 'Browse...' button. At the bottom, there's a 'Manage Existing Extensions' section with a 'Check for Upgrades' button, and a 'Channel: Magento Community Edition' section with a 'Commit Changes' button. A checkbox for 'Clear all sessions after successful install or upgrade' is also present.

After successfully extension installation. It will show below screen.

The screenshot shows the console output of the Magento Connect Manager. At the top, there's a checkbox for 'Auto-scroll console contents'. Below it, the console output shows: 'Package installed: community featured\_products 1.0.0', 'Cleaning cache', and 'Cache cleaned successfully'. Below the console output, there's a green message box that says 'Procedure completed. Please check the output frame for useful information and refresh the page to see changes.' and a 'Refresh' button.

## Step-3

- ⇒ Log out from admin panel and re-login.

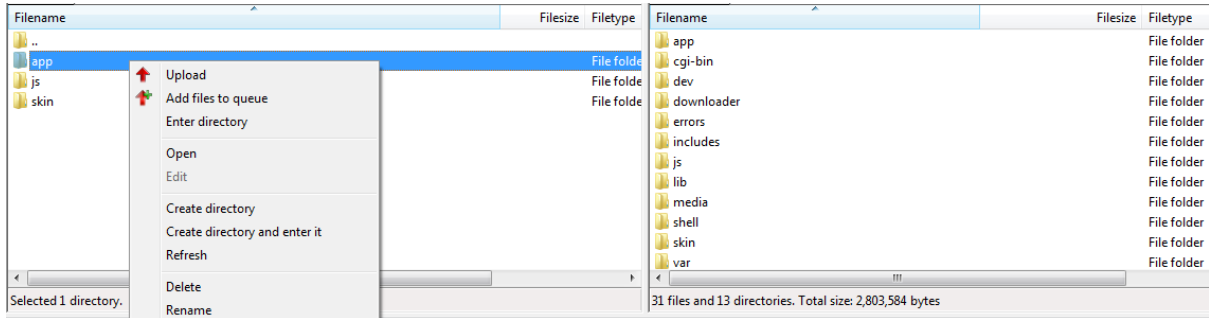

# Featured Products Extension By MageBees

## Manually Installation:

### Step-1

- ⇒ Unpack the contents of the “**MageBees\_Featured\_Products-1.0.0.tgz**” folder that you have downloaded. (E.g. with the Freeware program *WinRAR*) in a directory of your choice.

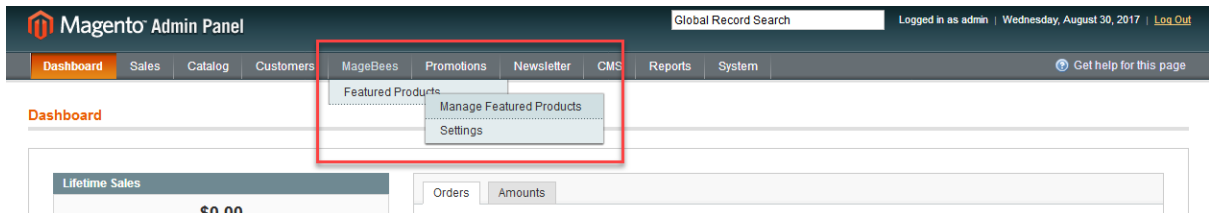

### Step-2

- ⇒ Please upload “**app**”, “**js**” and “**skin**” folder to your <SITE ROOT>

**Note:** After installing Featured Products Extension. Please Logout from admin account and Re-login.

After successfully installation you can see “**MageBees → Featured Products**” menu in admin menu bar. Once our extension installed then it will look like below screen.

Thank you!
