Ajax Add To Cart Pro Extension By MageBees

HOW TO INSTALL?

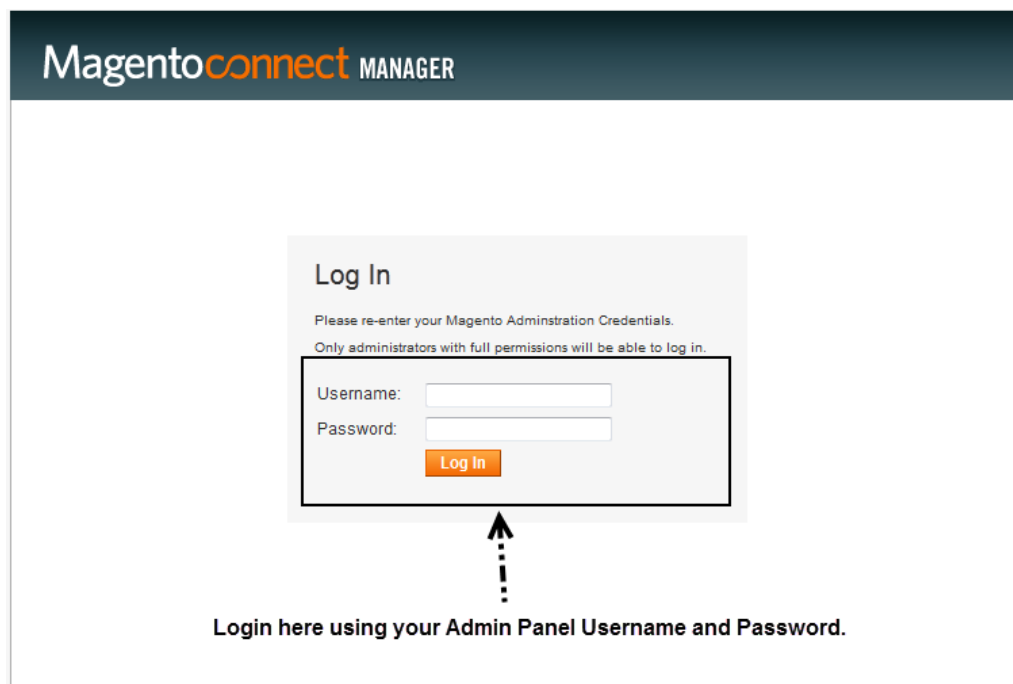

Pre-installation:

- ⇒ Login to admin → System → Cache Management and **disable** all types of cache.
- ⇒ Go to System → Tools → Compilation and "**Compilation Status**" must be "**Disabled**".

Using Magento Connect:

Step-1

- ⇒ Go to admin → System → Magento Connect → Magento Connect Manager.
- ⇒ You will get following screen. Enter your Username and Password here then, click on the login.

Ajax Add To Cart Pro Extension By MageBees

Step-2

- ⇒ You will get following screen. Select the package using **Browse** button and click on the **Upload** Button.

The screenshot shows the Magento Connect Manager interface. At the top, there is a header with the logo 'Magentoconnect MANAGER' and navigation links 'Return to Admin' and 'Log Out'. Below the header, there are tabs for 'Extensions' and 'Settings'. The 'Settings' tab is active, showing a checkbox for 'Put store on the maintenance mode while installing/upgrading'. Below this, there is a section for 'Install New Extensions' with two numbered steps: 1. Search for modules via [Magento Connect](#). 2. Paste extension key to install: [input field] [Install]. A dashed arrow points from the text 'Select Extension Package & Click on Upload button' to the 'Browse...' button in the 'Direct package file upload' section. This section has two numbered steps: 1. Download or build package file. 2. Upload package file: [Browse...] No file selected. [Upload]. At the bottom, there is a 'Manage Existing Extensions' section with a 'Check for Upgrades' button. The channel is set to 'Magento Community Edition' with a 'Commit Changes' button. A checkbox for 'Clear all sessions after successfull install or upgrade:' is also present.
