## **1. Overview**

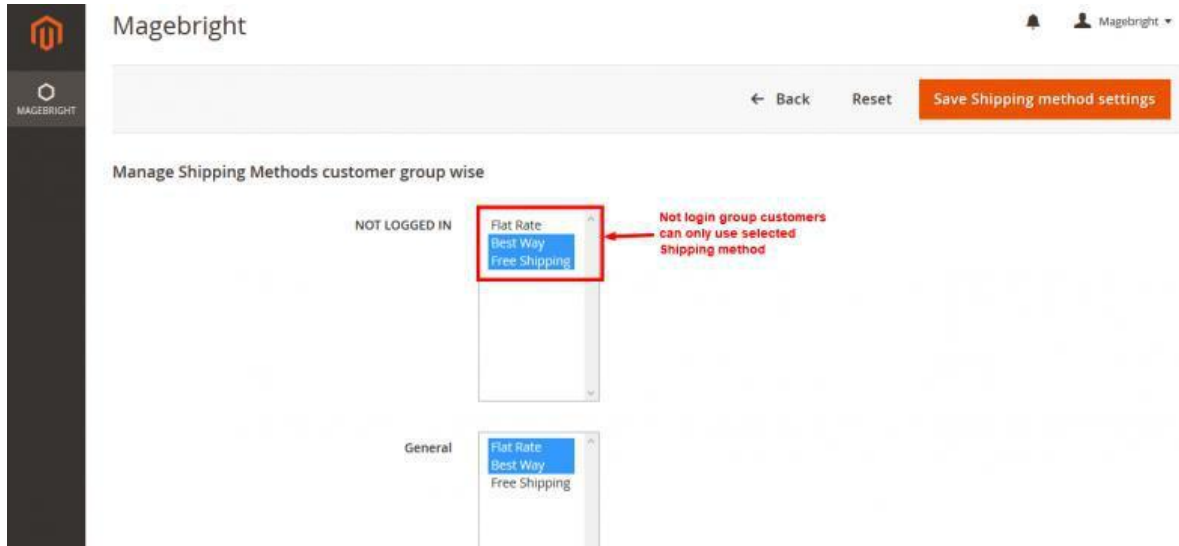

This Extension provides facility to manage shipping and payment methods for specific customer group wise. Customers will get access to only those payment and shipping methods which are assigned to their group. Customers who are not assigned to any group will get default payment and shipping methods. Each shipping/payment method can be displayed for multiple customer groups. List all shipping/payment methods at checkout page which are assigned to customer group.

## **2. Installation**

1. Unpack the extension ZIP file on your computer.
2. Connect to your website source folder with FTP/SFTP/SSH client and upload all the files and folders from the extension package to the corresponding root folder of your Magento installation.
3. Open your usual SSH program and go to the main directory of your website.
4. Run the command “php bin/magento module:enable --clear-static-content Magebright\_Advshippingpaymentmethod” to enable the module and clear static contents generated by Magento.
5. Run the command “php bin/magento setup:upgrade” to upgrade the Magento application and database.
6. Flush Magento caches by executing the command “php bin/magento cache:flush”.

### 3. Back-end Settings

Admin can easily select/deselect shipping method by customer group wise as per shown below image.

Admin can also easily select/deselect payment method by customer group wise as per shown below image.

The screenshot displays the Magebright admin interface. At the top, the logo and name 'Magebright' are visible, along with a user profile icon and the name 'Magebright'. Below this is a navigation bar with 'Back', 'Reset', and 'Save Payment method settings' buttons. The main heading is 'Manage Payment Methods customer group wise'. Two dropdown menus are shown: 'NOT LOGGED IN' and 'General'. Both dropdowns list five payment methods: 'No Payment Information Required', 'Check / Money order', 'Bank Transfer Payment', 'Cash On Delivery', and 'PayPal Billing Agreement'. The 'Bank Transfer Payment' option is highlighted in blue in both. Red boxes and arrows point to these dropdowns with the following annotations: 'Not login group customers can use only selected Payment method' for the 'NOT LOGGED IN' group, and 'General group customer can use only selected Payment method' for the 'General' group.

## 4. Frontend Output

User can see only those shipping methods on front-end which are customer group wise selected by admin in back-end as per shown below image.

The screenshot displays the LUMA checkout interface. At the top left is the LUMA logo. A progress bar shows 'Shipping' as the current step (1) and 'Review & Payments' as the next step (2). A 'Sign In' button is located in the top right corner. The main section is titled 'Shipping Address' and contains several input fields: 'Email Address \*' (with 'support@magebright.com' and a help icon), 'First Name \*' (with 'Mage'), 'Last Name \*' (with 'Bright'), 'Company', 'Street Address \*' (with 'address'), 'City \*' (with 'city'), 'State/Province \*' (with a dropdown menu showing 'Alabama'), 'Zip/Postal Code \*' (with '12345'), 'Country \*' (with a dropdown menu showing 'United States'), and 'Phone Number \*' (with '1234567890'). To the right of the address fields is an 'Order Summary' box showing '1 Item in Cart'. Below the address fields is a 'Shipping Methods' section with two radio button options: '\$0.00 Free Free Shipping' and '\$15.00 Table Rate Best Way'. A red box highlights the 'Shipping Methods' section, and a red arrow points to it with the text: 'Customer's group is not login so he can use only two shipping methods which are selected in admin panel for customer group "NOT LOGGED IN"'. A blue 'Next' button is positioned below the shipping methods. At the bottom of the page, a footer contains the text: 'Copyright © 2015 Magento. All rights reserved.'

User can also see only those payment methods on front-end which are customer group wise selected by admin in back-end as per shown below image.
