Step 3. After Clicking on link a pop form appear where date and time can be edited as shown in image below.

The screenshot displays the Magento admin interface. At the top, a system message reads: "One or more indexers are invalid. Make sure your Magento cron job is running." The main content area shows an order details page for Order # 00000003, with a note: "(The order confirmation email is not sent)". The order information includes: Order Date (Sep 19, 2019, 4:11:36 PM), Order Status (Pending), Purchased From (Main Website, Main Website Store, Default Store View), and Placed from IP (127.0.0.1). The account information shows Customer Name (test test), Email (test@test.com), and Customer Group (NOT LOGGED IN). A pop-up form titled "Edit Delivery Date and Time" is overlaid on the page. It contains a "Delivery Date" field with the value "2019-09-27" and a calendar icon, and a "Delivery Time" field with the value "11:00 AM - 01:00 PM" and a dropdown arrow. Below the form is a red "Change Date and Time" button and a dark "Submit" button. The left sidebar contains navigation links for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, and Stores.
