

## **Mageclincs Quick Bulk Order Module**

### **OVERVIEW:**

**Quick Bulk Order is a very useful module for B2B Customer/ Customer who knows name or SKUs. Customer can easily order bulk items in a few click. This modules work for logged in as well as for a guest customer. Once you enable the module Quick Order link will show on top links next to sign in link.**

**There is a seprate page where customer can see form to add Product by SKU/Name and qty. Customer can add multiple row by add lines button. Once customer fill the form customer can also add multiple products using CSV file.**

**There is two method for add to cart.**

- 1. Add SKU/Name in quick bulk order from using search or manually.**
- 2. Add product by importing SKU and qty.**

## Installation Guide

In magento root directory  
execute:

```
php bin/magento module:enable Mageclinics_QuickOrder  
php bin/magento setup:upgrade  
php bin/magento setup:di:compile  
php bin/magento setup:static-content:deploy
```

## Module Configuration Guide

### Admin Configuration

Go to Admin of your store.

From Menu Stores ->Settings -> Configuration -> Mageclinics -> Quick Bulk Order

See below screen shot for more detail.

The screenshot shows the Magento Admin Configuration interface. At the top, the word "Configuration" is displayed on the left, and on the right, there are icons for search, notifications (17), and a user profile labeled "admin". Below this is a header bar with "Store View: Default Config" and a "Save Config" button. The main content area is divided into two columns. The left column is a sidebar menu with categories: GENERAL, CATALOG, SECURITY, CUSTOMERS, MAGECLINICS (expanded), and SALES. Under the MAGECLINICS category, "Quick Bulk Order" is selected. The right column shows the configuration settings for "Quick Bulk Order", with two sections: "General setting" and "Search setting", each with a collapse icon.

There is 2 group for setting of this module.

## FRONTEND PAGE: 1.How search work?

The screenshot shows the LUMA Quick Order page. At the top, there is a search bar with the text "Search entire store here..." and a shopping cart icon with the number 18. Below the search bar, there are three tabs: "Test", "Test2", and "Test3". The main heading is "Quick Order". Below the heading, there is a table with the following columns: Search, Photo, Product, Qty, Subtotal, Edit, and Action.

Search	Photo	Product	Qty	Subtotal	Edit	Action
<input type="text" value="Test Product"/>		Test Product \$100.00	<input type="text" value="2"/>	\$200.00	<input type="button" value="Edit"/>	<input type="button" value="Reset"/>
<input type="text" value="Enter product name or SKU"/>			<input type="text" value="1"/>		<input type="button" value="Edit"/>	<input type="button" value="Reset"/>
<input type="text" value="Enter product name or SKU"/>			<input type="text" value="1"/>		<input type="button" value="Edit"/>	<input type="button" value="Reset"/>

At the bottom of the table, there are buttons for "Upload", "Download Sample Csv", "Add lines", and "Add to cart".

The footer contains a list of links: "Search Terms", "Privacy and Cookie Policy", "Orders and Returns", "Contact Us", and "Advanced Search". There is also an email subscription form with the text "Enter your email address" and a "Subscribe" button.

## 2. How page looks after adding product?

## 3. Where to find link for quick order?

The screenshot shows the LUMA header. It contains a "Default welcome msg!" followed by a "Quick Order" link, which is highlighted with a red box. To the right of the "Quick Order" link are the links "Sign In" and "or Create an Account". Below the header, there is a search bar with the text "Search entire store here..." and a shopping cart icon with the number 22.
