- **Debug:** Set Yes to debug.
- **New Order Status:** Set status for new orders paid with ICICI Payment.
- **Payment from Applicable Countries:** Select countries to allow payments.
- **Sort Order:** Enter sort order to show payment method in frontend.

2. ICICI Payment in Frontend

Once you have successfully configured ICICI Payment, you can see it enabled in the frontend.

The screenshot shows the LUMA checkout process. At the top, the LUMA logo is visible. A progress bar indicates the current step is "Review & Payments", which is highlighted in orange and has a checkmark. The "Shipping" step is also marked with a checkmark. A callout box points to the "ICICI payment method in frontend" option. Below the progress bar, the "Payment Method:" section shows two options: "Check / Money order" (unselected) and "ICICI payment method" (selected). Under the selected option, there is a checkbox for "My billing and shipping address are the same" which is checked. Below this, the customer's address and phone number are displayed: Veronica Costello, 6146 Honey Bluff Parkway, Calder, Michigan 49628-7978, United States, (555) 229-3326. A message states "You will be redirected to ICICI to complete the Payment." and a blue "Place Order" button is located at the bottom right.
