10. **Product Slider**

## 1. Product

From your Admin Panel, go to **Catalog > Products**

You will see a list of products. Choose a product you want to update and open it in edit mode.

The screenshot shows the 'Product Edit' form in the Magento Admin Panel. The form includes the following fields and options:

- Enable Product** (website): A toggle switch set to 'Yes'.
- Attribute Set** (website): A dropdown menu set to 'Default'.
- Product Name** (store view): A text input field containing 'Sample Pdf'.
- Google Product Category** (global): A dropdown menu set to 'Please Select'.
- SKU** (global): A text input field containing 'Sample Pdf'.
- Price** (global): A text input field containing '\$ 12.00'. Below it is a link for 'Advanced Pricing'.
- Tax Class** (website): A dropdown menu set to 'Taxable Goods'.
- Quantity** (global): A text input field containing '23'. Below it is a link for 'Advanced Inventory'.
- Stock Status** (global): A dropdown menu set to 'In Stock'.
- Weight** (global): A text input field containing 'lbs' and a dropdown menu set to 'This item has no weight'.
- Visibility** (store view): A dropdown menu set to 'Catalog, Search'.
- Categories** (global): A multi-select dropdown menu containing 'Default Category', 'Sale', and 'What's New'. A 'New Category' button is located to the right.
- Set Product as New From** (website): Two date pickers with 'From' and 'To' labels.

**Enable Product** - Enable or Disable any product from here for your Mobile App.

**Attribute Set** - Select the attribute set of that particular product.

**Product Name** - Set the name of a product from here.

**Google Product Category** - Select the category of the product for Google.

**SKU** - Give a unique number to the product for inventory management.

**Price** - Set the price of the product from here.

**Tax Class** - Define a tax class of the product.

**Quantity** - Set the quantity of the product from here.

**Stock Status** - Set whether the product is in stock or out of stock.

**Weight** - If the product has weight, set the weight of the product else set it as The item has no weight.

**Visibility** - Define where the product will be visible.

**Categories** - Select the category of the product.

**Set Product as New From** - Set the From and To date to keep the product as new.

## 2. Category

From your Admin Panel, go to **Catalog > Categories**

You can Add New Category, Add Subcategory or edit the existing ones.

Select the category from the left panel Category Hierarchy to edit any existing category.

**Enable Category** - Enable or Disable the category from here for your Mobile App.

**Include in Menu** - Set Yes if want to include the category in the menu.

**Category Name** - Give the name of the category.

**Sync to Facebook Catalog** - Select if you want to include the category in the Facebook catalog.

### 3. Currency

From the Admin Panel, move to **Stores > Configuration**

From the left pane expand the **General** tab and select **Currency Setup**

Then Expand the **Currency Options** from the right pane.

- Base Currency** - Set the base currency which will be used for all online payment options.
- Default Display Currency** - Set the default currency in which all the prices are displayed.
- Allowed Currencies** - Select the currencies that you want to allow for conversion.

Now go to **Stores > Currency Rates**

Set the currency rate when the currency is changed.

#### 4. Customer

From the Admin Panel, navigate to **Customers > All Customers**  
Add New Customer or Edit an existing one from the customer list

	First Name	Last Name	Street Address	City	Country	State	Zip/Postal Code	Phone	Action
<input checked="" type="checkbox"/>	Michael S	Yarbrough	Add Add2	New York	United States	New York	98761	1234567890	Select
<input type="checkbox"/>	Michael S	Yarbrough	Vegas 1 Vegas 2	Las Vegas	United States	New York	95412	7418523695	Select
<input type="checkbox"/>	Michael S	Yarbrough	1714 Gandy Street 1234	Auburn	United States	New York	13021	07778885849	Select
<input type="checkbox"/>	Michael S	Yarbrough	880 Wilkinson Islands	West Caitlyn	United States	West Virginia	22605-2561	+1 (220) 251-4940	Select
<input type="checkbox"/>	Michael S	Yarbrough	1714 Gandy Street 1234 test	adnum	Colombia	Cauca	13021	+7854124585	Select
<input type="checkbox"/>	Michael S	Yarbrough	test	test	United States	Arizona	1546	7532416985	Select

Select an appropriate option from the left panel to change the configuration of that particular customer.

## 5. Order

From the Admin Panel, move to **Sales > Orders**  
 Select any order from the order list to view its details

## 6. Privacy Policy

From the Admin Dashboard, go to **Content > Pages** and select Privacy Policy

The screenshot shows the Magento Admin Dashboard for the 'Privacy Policy' page. At the top, there is a search bar and a user profile icon labeled 'admin'. Below this, the page title is 'Privacy Policy'. There are three main sections for configuration:

- Enable Page:** A toggle switch is currently turned on (Yes).
- Page Title:** A text input field containing 'Privacy Policy'.
- Content:** A text input field containing 'Privacy Policy'.

Below these fields is a 'Show / Hide Editor' button. The editor area contains a rich text editor with the following content:

Paragraph - B I U [List] [Table] [Link] [Image] [Media] [Undo] [Redo]

This website ("website") is operated by Luma Inc., which includes Luma stores, and Luma Private Sales. This privacy policy only covers information collected at this website, and does not cover any information collected offline by Luma. All Luma websites are covered by this privacy policy.

**Luma Security**

Personal information provided on the website and online credit card transactions are transmitted through a secure server. We are committed to handling your personal information with high standards of information security. We take appropriate physical, electronic, and administrative steps to maintain the security and accuracy of personally identifiable information we collect, including limiting the number of people who have physical access to our database servers, as well as employing electronic security systems and password protections that guard against unauthorized access.

Our website uses encryption technology, like Secure Sockets Layer (SSL), to protect your personal information during data transport. SSL encrypts ordering information such as your name, address, and credit card number. Our Customer Care center and stores also operate over a private, secure network. Please note that email is not encrypted and is not considered to be a secure means of transmitting credit card information.

**Luma Privacy Policy**

To help us achieve our goal of providing the highest quality products and services, we use information from our interactions with you and other customers, as well as from other parties. Because we respect your privacy, we have implemented procedures to ensure that your personal information is handled in a safe, secure, and responsible manner. We have posted this privacy policy in order to explain our information collection practices and the choices you have about the way information is collected and used.

As we continue to develop the Luma website and take advantage of advances in technology to improve the services we offer, this privacy policy likely will change. We therefore encourage you to refer to this policy on an ongoing basis so that you understand our current privacy policy.

**The Information We Collect**

Generally, you may browse the Luma website without providing any personally identifiable information. However, we may ask you to provide personally identifiable information at various times and places on this website. In some cases, if you choose not to provide us with the requested information, you may not be able to access all parts of this website or participate in all of its features, pricing, and product selection.

We may collect the following information:

**Enable Page** - Enable or Disable Privacy Policy page from here.

**Page Title** - Set the title of the Privacy Policy page.

**Content Heading** - Give the heading of the content.

Add your content for privacy policy in the editor.

## 7. Banner Slider

From the Admin Panel, go to **Stores > Configuration**

Select **Banner Slider** from the left pane

**Status** - Enable or Disable the banner slider from here for your Mobile App.

**Slider Name** - Set a name for the banner slider.

**Image** - Upload the image of the banner slider.

**Contents** - Add the content that will be displayed on the banner slider.

**Content Position** - Set the position of the banner slider as left, right, or center.

**Content Color** - Set the color of the content for the banner slider.

**Content Fontsize** - Set the font size of the content.

## 8. Brand Slider

From the Admin Panel, go to **Stores > Configuration**

Select **Brand Slider** from the left pane

The screenshot shows the MageComp Admin Panel Configuration page for the Brand Slider. The left sidebar contains a navigation menu with options: Wishlist Api, Brand Slider (selected), Push Notification, Banner Slider, and Product Slider. Below this are expandable sections for GENERAL, CATALOG, SECURITY, CUSTOMERS, SALES, YOTPO, DOTDIGITAL, SERVICES, and ADVANCED. The main content area is titled 'Configuration' and contains the following settings:

- Brand Slider**: Enable (dropdown menu)
- Customer Groups**: A list of customer groups including 'NOT LOGGED IN', 'General', 'Wholesale', and 'Retailer'. A note below states 'It will be visible to selected customer groups only'.
- Brand Title**: MageComp LLP (text input)
- No. of images Per Slider**: 1 (dropdown menu)
- Auto Play Slider**: No (dropdown menu)
- Where To Display**: Product Page (dropdown menu)
- Position**: Content Top (dropdown menu)

A note at the bottom of the configuration area reads: 'Note: To Show Brand Slider on any Page of the website, use below block code. (block class="Magecomp\Brandslider\Block\Brandslider" template="Magecomp\_Brandslider:brand\_slider.phtml")'

**Brand Slider** - Enable or Disable Brand Slider from here.

**Customer Groups** - Select Customer groups to show the brand slider.

**Brand Title** - Give the name of the brand slider.

**No. of Images Per Slider** - Set the number of images to be displayed per slider.

**Auto Play Slider** - Set yes if you want to auto play brand slider.

**Where To Display** - Set the location where the brand slider will be displayed.

**Position** - Set the position where the brand slider will be displayed on the selected page.
