1. Extension Installation Guide

- Go to My downloadable products. The file that you download normally is a zip file.
- Use FTP client (such as Filezilla, WinSCP, cuteFtp) to upload or copy all folders in the zip package to your Magento site root folder. This will not overwrite any existing files, just add new files to the folder structure.
- Open Command line in folder root of Magento and run following command respectively:
 - `php bin/magento setup:upgrade`
 - `php bin/magento setup:static-content:deploy`
 - `php bin/magento indexer:reindex`
 - `php bin/magento cache:flush`
- Navigate to Stores/Configuration, if you can see the extension tab, it is installed properly.
- If you need professional help regarding [Magento Extension Installation](#), Feel free to contact us any time.

2. Configuration

Once you have successfully installed the extension, go to **Stores** → **Configuration** to configure the extension for use. Here you can find setting to enable or disable the extension.

3. Call For Price Options

Once you enable the extension, go to Call for Price options where you can find various settings for Call for Price button and form.

- **Button Text** – Enter text for Call for Price button on frontend.
- **Popup Form Heading Title** – Enter title for Call for Price form which will be clicked by users to submit their requests.
- **Popup Form Success Message** – Enter message to show on frontend for successful inquiry form submission.
- **Popup Form Error Message** – Enter message to show on frontend for unsuccessful inquiry form submission.

Call For Price Options ⌵

Button Text <small>[store view]</small>	Call For Price	Enter call for price button text
Popup Form Heading Title <small>[store view]</small>	Call For Price Inquiry Form	Enter call for price form title
Popup Form Success Message <small>[store view]</small>	Thanks for contacting us with your comments and questions. We'll respond to you very soon.	Enter call for price form success message
Popup Form Error Message <small>[store view]</small>	We can't process your request right now. Please try again.	Enter call for price form error message

- **Enable Custom Message Instead of Price** – Set yes to add custom message to replace price.
- **Custom Message** – Add custom message to show on place of price.
- **Call For Price Apply On** – Select one of the options from drop down to apply Call For Price on.
- **Customer Groups** – Select customer groups on which you want to apply Call For Price
- **Store Views** – Select store views to enable call for price on.

The screenshot shows the 'Call For Price' configuration page in the Magento admin panel. It includes several sections with annotations:

- Enable custom message instead of price** [store view]: A dropdown menu is set to 'Yes'. An annotation box says 'Set yes to show custom message instead price' with an arrow pointing to the dropdown.
- Custom message** [store view]: A text input field contains 'Let's know your detailed product requirement.'. An annotation box says 'Enter custom message' with an arrow pointing to the text.
- Call For Price Apply On** [store view]: A dropdown menu is set to 'Global'. An annotation box says 'Select option to apply call for price on' with an arrow pointing to the dropdown.
- Customer Groups** [store view]: A list of customer groups is shown: 'NOT LOGGED IN', 'General', 'Wholesale', and 'Retailer'. The 'NOT LOGGED IN' group is selected. An annotation box says 'Select customer groups to apply call for price on' with an arrow pointing to the selected group.
- Store Views** [store view]: A list of store views is shown: 'All Store Views', 'Main Website', and 'Main Website Store' (with 'Default Store View' below it). 'All Store Views' is selected. An annotation box says 'Select store views to apply call for price on' with an arrow pointing to the selected group.

Below the Customer Groups list, there is a note: 'Call for price option will be available to these customer groups only. Select all for All customers'.

Below the Store Views list, there is a note: 'Call for price option will be available to these Store Views only. Select all for All Store Views.'
