

Reviews Import for Magento 2

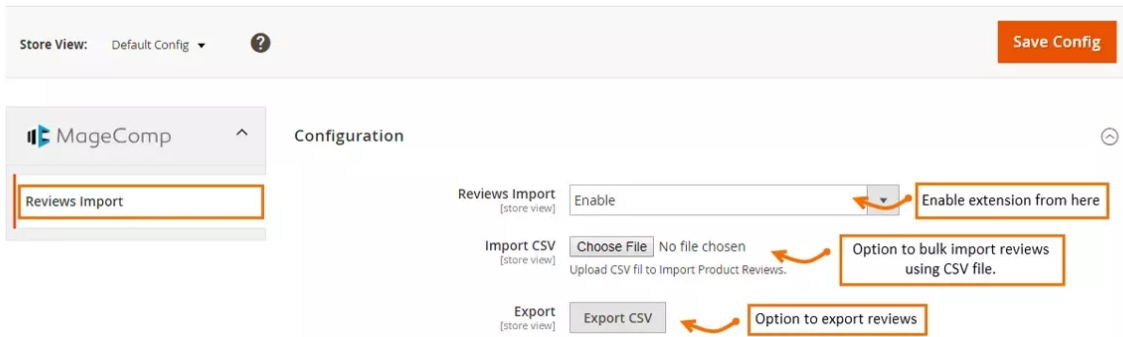

Reviews Import Extension for Magento 2 let store owner bulk import and export product reviews for multiple store products just by uploading CSV file from store backend.

Table of Content

1. Configuration
2. Backend reviews
3. Product Reviews on Store Frontend

1. Configuration

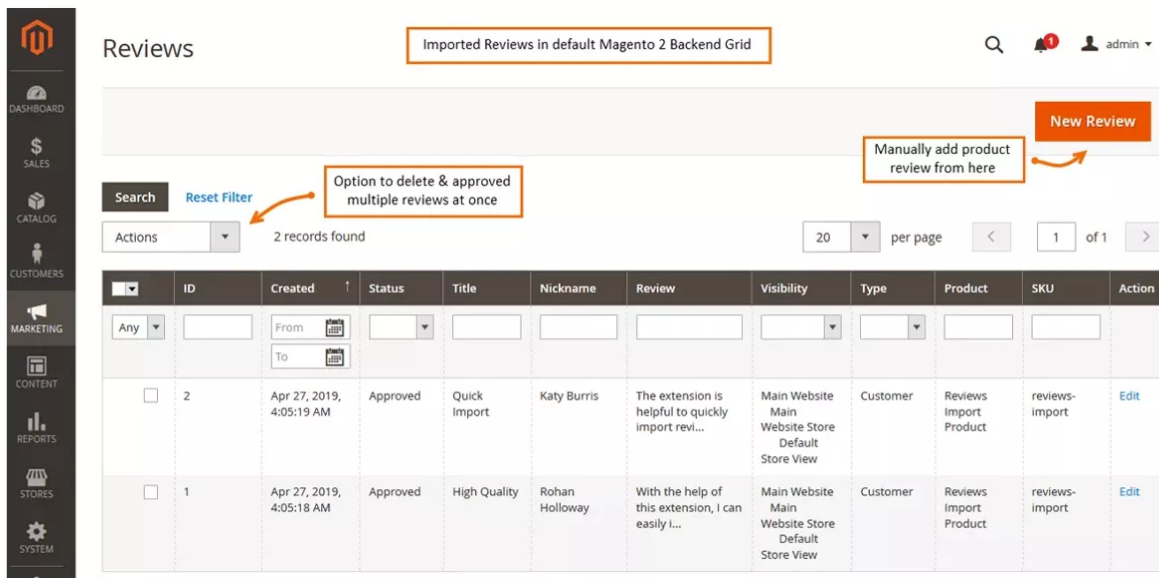

Once you have successfully installed the extension, go to **Stores Configuration** to configure the extension for use.

- **Reviews Import:** Enable or disable extension from here.
- **Import CSV:** From here you can select a CSV file to import bulk product reviews.
- **Export:** By clicking this 'export' button, you can quickly export all product reviews

2. Backend Reviews

Using the store backend grid, you can easily add, edit or remove product reviews. Also, you can perform some bulk actions on product reviews like approval or deletion.
