

Product Questions Answers

We are so glad to have your interest! This guide is here to provide some specific information to help you install the extension.

Command line installation

1. Please ensure you are using correct access keys ([My Profile - Access Keys](#))
2. Paste the access keys in your auth.json file inside your project
3. Connect via SSH console to your Magento server, navigate to the Magento root directory and run the following commands:

```
composer require magediary/module-product-question  
php bin/magento module:enable Magediary_ProductQuestion  
php bin/magento setup:upgrade  
php bin/magento setup:di:compile  
php bin/magento cache:flush  
php bin/magento setup:static-content:deploy
```

4. Log out from the Magento admin and log in again
5. Product Questions Answers extension is now installed and ready for work
