Performance Dashboard Extension

User Guide

[Introduction](#)

[Example Screenshot](#)

[Usage](#)

Introduction

The Performance Dashboard Extension by MageHost.pro adds a screen to the Magento Store Admin called "Performance Dashboard". In this screen you get a clear overview of areas where the performance of your Magento 2 can be improved.

Usage

After installation you can follow these steps to open the Performance Dashboard:

1. **Log in** on your Magento Store **Admin**
2. Open the **System** menu from the left sidebar
3. In the **Tools** category click on **Performance Dashboard**
4. The Performance Dashboard will open

The screenshot shows the 'System' settings menu in a dark theme. On the left is a sidebar with icons for various sections: DASHBOARD, SALES, PRODUCTS, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, SYSTEM (highlighted with a red box), and FIND PARTNERS & EXTENSIONS. The main content area is titled 'System' and contains a grid of settings categories:

- Data Transfer
- Tools
- Other Settings
- Import
- Cache Management
- Notifications
- Export
- Backups
- Custom Variables
- Import/Export Tax Rates
- Index Management
- Manage Encryption Key
- Import History
- Web Setup Wizard
- Performance Dashboard** (highlighted with a red box)
- Extensions
- Permissions
- All Users
- Locked Users
- User Roles
- Integrations
