

AdminExtra

for Magento® 2

Installation Guide

Installation guide

To install the extension follow instructions bellow:

- 1) Make backup of your web directory and database.
- 2) Download AdminExtra installation package.
- 3) Upload contents of the AdminExtra installation package to your store root directory.
- 4) Navigate to your store root folder in the SSH console and do the following commands:

```
cd path_to_magento_root_directory
php -f bin/magento module:enable Mageinn_AdminExtra
php -f bin/magento setup:upgrade
php -f bin/magento setup:static-content:deploy
```

- 5) Flush store cache; log out and log in (in backend).

If you have any issues with the module please raise a support ticket [here](#).
